

Discipleship and Children/Youth Ministries

3/23/2020

Chris Kindle and Amanda Gilligan, presenters

Top Take-Aways

1. Discipleship doesn't need to stop during this time. Bible Studies can still happen. Use Zoom to hold class. For discounts on Zoom accounts, our Conference has a [partnership with Techsoup](#).
2. Bible Studies - **Hear Explain Apply Respond**
3. Use group communication apps: some free ones are Remind, Band, and Group Me
4. Be careful about technology interactions between you and minors. Communication should be able to be tracked.
5. Use Facebook and email for families and adults. Use Instagram and YouTube for youth.
6. Set up a Google Drive for curriculum and materials and share with parents/families
7. Release VBS songs and videos now leading up to VBS to advertise
8. Some non-tech ways to reach out to communities:
 - a. Door knob hangers
 - b. Chalking sidewalks in strategic places
 - c. Send cards
 - d. Print off curriculum and put in a box outside the church and have families stop by and pick it up (follow copyright laws)

We serve a creative God so trust the Spirit. You know your communities and churches!
