XII. REPORTS

COMMISSION ON ARCHIVES AND HISTORY

In 2009, one major emphasis of the Western PA Conference Commission on Archives and History (CAH) has been the raising of funds to publish a comprehensive collection of the pastoral records of all of the predecessor conferences which made up the WPA UMC (1784-2008). This 1200-page Pastoral Records volume, compiled by Norman Young, is a companion to the Church Records volume published in 2003. The 2009 annual conference gave CAH permission to solicit donations to publish this volume, and a goal of $20,000 was established. At this writing (March 1) $4,658 has been contributed toward this goal. Both Church Records and Pastoral Records are available in abbreviated form (due to the sensitivity of posting the pastoral records of active clergy online) at www.umchurchrecords.org and www.pastoralrecords.org.

CAH also made progress on our goal to digitize the catalogue of our holdings in the Smeltzer-Bell Archives at Allegheny College in Meadville, PA. “Finding Aids” for the records of closed churches, physical artifacts, and publications are being developed. Our goal is to have these materials posted on the WPAUMC website as it is being developed. This will make it possible for researchers to determine whether or not the Archives contain the materials they seek before traveling to Meadville. At the same time CAH is working to catalogue and digitize the catalogues of several “satellite” archives throughout the annual conference.

In a recent issue of Homiletics magazine (March 2010, p. 12) Lynne Cheney is quoted as saying: “People who grow up without a sense of how yesterday has affected today are unlikely to have a strong sense of how today affects tomorrow. It is only when we have perspective on our lives that motives besides immediate gratification can come into play.” The Commission on Archives and History exists both to maintain accurate, comprehensive records of annual conference sessions (including the work of its boards and agencies) and to recruit, encourage, and support historians who will help the Church understand how the past has affected us and how we will likely affect the future. It is important that this work of historical interpretation be done, so that the cultural trend toward immediate gratification can be resisted in the life of our conference and its local churches.

Following our Disciplinary mandate (2008 Discipline ¶ 641.1) to “collect, preserve, and make accessible the historically significant records” of the conference and its agencies, CAH encourages all agencies and committees of the WPA annual conference to submit minutes of meetings, printed materials, and descriptions of your ministries to the Archives. These records will help future generations evaluate the effectiveness of our current ministry decisions and practices, and will guide the ministry they provide to a new generation.

CAMPING AND RETREAT MINISTRIES

The Camping and Retreat Ministries Team (CRM) has worked faithfully with the resources provided by you, the Annual Conference. Your time, talents, and finances make the difference in this ministry so important to building and fostering the Kingdom of God. Your gifts are precious to us.
Behind the camping program is an amazing group of staff and volunteers. Over 560 volunteers spent six days and nights over a ten week period during the summer camping season. That is 806,400 volunteer hours, a conservative estimate. You also enable children and youth the time to attend any of our three camps. In 2009, 2,695 campers attended United Methodist camp events in Western Pennsylvania. While this number is 50 less than 2008 the spiritual impact is no less significant.

The talents exhibited throughout the camping program are tremendous: teaching, leading, worshipping, nurturing, and other program specific talent. During 2009 CRM published the 2010 summer season brochure listing 40 different types of camps, totaling 155 events at Camp Allegheny, Jumonville, and Wesley Woods. Beside the many volunteers in the camping program there are 36 talented young adults paid as counselors. Other staff cook, clean, maintain, and administer the three camp sites. Each person is talented in his or her own way.

The financial resources that are given to the program and camp sites through Mission Share are a huge help. These dollars pay for the 36 staffers at about $94,000. The support goes to not only a paycheck but leadership and relationship development. This funding reinforces the mission of the Annual Conference to provide leadership, connection, and resources to make disciples of Jesus Christ for the transformation of the world. The remaining CRM budget of $36,000 goes to promotion, training events, and supplies to encourage United Methodists and people beyond the church to send young people to our camps.

CRM lives out the Mission, Vision, and Core Value of the Annual Conference with the resources you provide.

Seth A. McClymonds, Jr., CRM Chair

CAMP ALLEGHENY

Praise the Lord! The ministry at Camp Allegheny continues to grow and thrive! Following are some highlights of 2009 to report to you.

First in 2009 an independent organization, Intergenerational Communications Solutions, conducted an External Communications Audit of Camp Allegheny. Among many other things, the audit looked at why people come to Camp Allegheny for retreats and summer camp. Following are the top 5 reasons why folks choose us:

1. **The staff is courteous and helpful.** We take the responsibility and privilege of hosting retreats and running a summer program very seriously.
2. **Facilities are clean and cared for.** We are always working hard to care for what we have.
3. **There is a lot to do.** We are always adding activities for both retreats and summer camp.
4. **It helps me/us grow in Faith.** Praise the Lord! That is why we are here.
5. **The food is good.** We are very proud that we have "broken the mold" here by providing high quality meals for everyone.

We celebrate that summer 2009 was one of our busiest ever. We had an increase in summer resident campers as well as hosted some new groups. The "Camp Allegheny Christian Wrangler" continues to increase in attendance and grow and evolve into a dynamic horse program. We were also a part of using our connectional system to improve the lives of children from rural Appalachia. The churches of Ligonier valley held
fundraisers throughout Lent, gathered items and performed a work project at camp for the children from the other side of the mountain ridges of New Paris area in Bedford County to assist them in attending a week of summer camp. What a great outreach and mission.

While retreat attendance was down slightly, we have served several new large groups that upon the end of their retreat are so excited about Camp Allegheny they immediately have rebooked for the next year and are recommending us too many others. We continue to move Camp Allegheny ahead into the 21St century in both Marketing and in camp services: website development, e-newsletters, Facebook pages, YouTube videos to name just a few.

We continue to make numerous improvements on facilities including a remodeling of Hemlock lodge and landscaping throughout the camp.

We have been blessed with a great staff that truly sees the camp as a year round extension ministry / mission of the Western PA Conference. We cannot thank the conference enough for their faithful support of Camp Allegheny.

The Camp Allegheny Board has established a priority of paying off the indebtedness of our Heartwood Facility. Thank you for your help in this matter.

Camp Allegheny Board, Merritt H. Edner, Chair

JUMONVILLE

God is good! While the last several years have been full of many challenges, Jumonville continues to be very blessed. We continue to have wonderful fruitful ministry take place on this special mountaintop and campers who come to hear and respond to the Good News of Jesus Christ.

The entire national economic climate has affected the number of campers and guest groups that we have been able to serve. So many families have been dealing with unemployment and underemployment that it has greatly affected the ability of our guests to pay for their mountaintop experience. We have been extremely blessed that our Jumonville donors have given more than ever to our Kidz2Kamp program to help both campers and retreat guests to be able to experience the Jumonville difference. Across the country there were many camps that experienced decreases of up to 25% in their annual attendance. We felt blessed that we were just 7% down from 2008 and were actually just about on track with our 2007 attendance stats.

Marketing in today’s ever changing world of technology continues to remain a very real challenge. Can you believe that some colleges are no longer issuing emails to the incoming freshman because email is now a thing of the past! Text messaging, Facebook, and Twitter have now taken over as the way to communicate. Email is now considered old school and is looked at like “snail mail.” WOW, what a challenge to keep up and try to stay connected! Jumonville has just subscribed to a service called Tatango that allows us coordinate bulk text messages. That will help us to communicate more effectively with our summer staff. Many of them rarely check email anymore. In order to reach them, we’re better off using Facebook. We now have a Facebook Fan Page listed as Jumonville Camp & Retreat Center. Times sure have changed!

Camp has always been about building relationships and these new social network tools are helping us to reach more campers and guest groups so that more and more people every year have an opportunity to respond to the message of the Gospel of
Jesus Christ. Our methods will continue to change, but our goal will always remain... to share the Good News and invite more people to become disciples for Christ.

Another new marketing effort that was started this past year was to help sponsor Christian concerts. In 2009, we helped sponsor groups such as Third Day, Building 429, Stephen Curtis Chapman, and Skillet. While you may not know the names of those groups, it has helped us connect with the youth, youth leaders, pastors and families who are active in the conference. Many people drive two or more hours to attend events in Pittsburgh, and are willing to drive two hours to Jumonville. It has also been a good way to recruit potential summer staff.

Our donors totally blessed us with wonderful support again this past year. In 2009, we were raised over $265,000 in gift income. This past year also marked the successful completion of our swimming pool renovation project. I am delighted to report that in addition to the $300,000 that we raised for that project, we raised another $35,000 to pay for a new exterior wall for our bathhouse. Both projects are finished and we are debt free! Praise God and special thanks to all those who sacrificed to make that possible.

We also had three very successful fund-raising events last year. Our Golf Fundraiser raised almost $11,000 which was a 45% increase over the previous year. Our Spring Dinner raised almost $22,500 for our Kidz2Kamp program and the Jumonville Sponsors Dinner raised the extra money that we needed to pay for the new bathhouse wall. How blessed we are to have such wonderful supportive friends!

In 2007, we received news that the DeVos Foundation would no longer be giving any grant money to support HOPE Camp. With that loss of between $35,000 - $40,000, we launched our Kidz2Kamp program to help fund HOPE Camp and our regular campership program. Since then, we have been able to cover all of our operational costs for HOPE Camp as well as provide significant financial aid for summer campers and retreat guests. We are indeed grateful to the numerous churches and individuals who have helped to make this program possible. We are grateful that as we begin 2010, we have a balance in our Kidz2Kamp program of over $65,000.

Another major facility change for us this past year was the decision to remove the stately stone Jumonville entranceway and to hold a contest to design a new entrance. The old entrance had developed stress cracks and the design of the stone archway made it very difficult for groups arriving in buses to be able to make the turn into campus. We actually had some buses get stuck and had to use the tractor to pull them out. It was time to retire the landmark.

So after 55 years of faithful service, the old entranceway was removed. We are excited about the new design and plans are in place for the new entrance to be completed by May 2010. The new design features a stone wall with four flags, nicely landscaped, and with new lights to help show it off at night. The new stone entrance will be a positioned with a wonderful view of the cross in the background that will surely be used for thousands of photos in the years to come.

I continue to be blessed when we travel to various events and are greeted by folks who have been to Jumonville in past years. We so often hear of wonderful mountaintop experiences where lives have been touched by the awesome power of God on our campus. They are thrilled to see Jumonville’s mountaintop ministry continuing to give youth and adults a vital opportunity to experience God’s love and grace.
As I begin my 28th year of service as Jumonville’s Executive Director/President, I am grateful and honored to be a part of Jumonville’s ministry. What a joy to work along side such a great group of dedicated staff and a wonderful supportive board! We may be in very difficult economic times, but that cannot be diminished by our many donors, deans and counselors, group leaders and guests, and our many friends that continue to make Jumonville a special place for so many. Know that you are all loved and appreciated, and that you have all blessed us immensely. It is my prayer that God will bless you for your faithfulness to Jesus by your service to this special mountaintop called Jumonville.

Larry Beatty, Jumonville President

WESLEY WOODS

Wesley Woods continues to serve the church by providing a place where children, youth and adults can come and enjoy the wonderful natural surroundings of camp throughout the year. Yes, Wesley Woods is open year round. Skiing in the winter, hayrides in the fall, horseback riding in all the seasons and of course there is summer where over 45 summer camps come for a week.

The year 2009 was an eventful year. Economics and camp participation influenced many changes in the camping ministry. Bob Kobelish, the Christian Camping and Conference Association CEO stated that all the camps should be prepared. Recommendations from Bob were: “Engage with your constituents, camper and guests user groups, alumni, donors, neighbors, and community agencies as you were caregivers not marketers. Seek out cooperative ventures with other camps. Make changes that you always wanted to. Chances are you will be followed or forgiven”. We attempted many changes. Some were successful, and others not so successful.

An emphasis on Board Member training was one area that the camp changed in 2009. The Executive Director offered training during the spring and fall to educate new board members about the camp. This included their job descriptions and responsibilities as new board members, plus a tour of all the program areas, facilities and grounds. Another area of experimentation was in the marketing of the camp. Wesley Woods did some aggressive marketing with TV, Radio, Websites, and Bill Boards. Along with this, the camp engaged the guests with a survey throughout the year, and was surprised with the results, which have prompted additional marketing and operational changes for 2010. From these surveys we have become more aware of the needs of our guests.

In July 2009 The Wesley Woods Board hired Charlie Crosby as the new Maintenance Director. Charlie comes with great maintenance skills. He has proven himself many times with the aging facilities of the camp. The camp has truly been blessed by Charlie! Earlier in the year the board approved the hiring of Andy Blystone whose focus would be on the Marketing and Programming of the camp. Andy will float between Program, Maintenance, Housekeeping and Food Service during the non-summer months and during the summer will focus on the Summer Camping Program. This arrangement has worked out very well.

In 2009 Wesley Woods lost two wonderful women of the camp, Dottie Patterson and Dorothy Dearborn. They were both influential in many of the camp’s success stories over the years. Other areas concerning past individuals and groups that have made a difference at the Camp were highlighted at the 2009 Annual Booster Dinner. Lee Baker
was honored by the Wesley Woods Hall of Fame Award. Other recipients during the evening were, Ann George receiving the Volunteer Award, and the Christ Community UMC receiving the Group Volunteer Award.

On December 1, 2009 Wesley Woods made its final payment for the New Pool in the amount of $125,000. This was a great accomplishment for all that were involved with this campaign.

Total usage (off season and summer combined) decreased in 2009 by 7%. We hope this trend will change in 2010. Currently this has been the case early into 2010 season; usage has increased in January-March compared to last year. Where do you send your children, youth and adults for retreats and summer camp? Why not try Wesley Woods? You will discover a tremendous ministry of hospitality and great food!

OLMSTED MANOR

After 40 years, Olmsted Manor is in many ways still the best kept secret in northwestern Pennsylvania. This retreat center has been used by many United Methodists, as well other people of various denominations, yet we are unknown to a great many more. Marketing and promotion has been on the minds and hearts of the Olmsted board members over the past few years. At the forefront of this matter is not only how to introduce Olmsted to new individuals and church groups, but also how do we draw in younger users to Olmsted as we begin the second decade of the 21st century.

In the past year, our usage has been down slightly compared to previous years. This of course, is not surprising considering the stagnant economy. However, Olmsted has continued to grow in popularity with our users, and relationships continue to be strengthened with each passing year.

Olmsted is blessed to have a board of directors with enthusiasm, talent, and most of all, a love for Olmsted and the ministry that takes place there. The board is led by an executive committee whose members include: Tom Burkett, board president; Aaron Kerr, vice president; Donna Atwell, secretary; Brenda Thompson, assistant secretary; Sue Wilson, treasurer; and Jim Willats, assistant treasurer.

In 2009, three board members terms expired. They included: Pam Gardner, Thomas Chacko, and George Porter. We are grateful for the gifts and talents shared by these individuals during their terms of service. Subsequently, the board welcomed Laurajane Stone, Sibyl Ream, and Joe Street to their first term of service. Also, Kathy Mikesell and Jeff Sterling joined the board filling vacancies due to resignation.

An exciting development for the retreat center has been a concerted effort to become the continuing education center for the conference. Olmsted has been in partnership with the Conference Continuing Education and Formation Committee. This joint venture is part of greater plan to provide high quality continuing educational programs for the clergy of the Annual Conference, as described by the recently adopted Believe Again! plan. In the past year, Olmsted has provided some high quality programs for clergy and laity that enhance ministry in churches across the conference. We look forward to enlarging the program offerings and serving those in ministry, both now and in the future.

On December 6th and 13th of 2009, Olmsted Manor welcomed over 200 area residents to an open house. Christmas at Olmsted Manor featured extensive decorations
and refreshments in the Manor for a two night gala event. The Olmsted staff did all the preparation and hosting of this very successful holiday happening.

Olmsted Manor administers an educational trust fund providing educational travel experiences to clergy and spouses. The Russell E. & Evelyn June Perry Educational Trust Fund was established in 1989. In the past, we have taken eligible clergy to England, Turkey, and Cuba. Upon announcement of a trip, clergy may apply for scholarships for up to one half the cost of the trip for themselves and their spouse. Administration of the Trust is carried out by the executive director of Olmsted Manor and an administration committee of its board. The Trust is held by the United Methodist Foundation of Western Pennsylvania under the conditions agreed upon by the parties involved. The market value of the trust on 12-31-09 is $368,940.

Olmsted Manor is not planning any major building projects in the near future. The last capital improvement project was the expansion of Groves Lodge with the Annex. The fully accessible six room addition completed in 1998 expanded our capability to house anyone with a disability. This greatly enhanced our ministry in that it enables us to welcome those with various disabilities and enjoy their gift of attendance to our programs and events.

The Olmsted property is unique and is viewed by many as sacred space. Ongoing maintenance of both buildings and grounds is as challenging as it has ever been with rising costs and diminished revenue. We have been blessed with talented and committed staff members who have practiced cost containment and good stewardship through the years.

We recognize that our unique rural location is a mixed blessing as we plan for the future. Our recent marketing studies and discussions have led us to the realization that where we are is where we are going to be. In light of these discussions, prayerful conversations have led us to the phrase, “Come Away,” as an inviting lure to come and experience what this retreat center has to offer. “Jesus said to his disciples, ‘Come away to a deserted place and rest a while.’ Mark 6:31. Olmsted is and can be that place of rest for anyone seeking a deeper understanding of their faith and relationship with God. The power of our ministry is in many ways our location.

In conclusion, after 40 years of ministry in Christian hospitality we believe more than ever that the need is great for places like Olmsted. On behalf of the Board of Directors and staff, I am pleased to report that Olmsted Manor continues to serve God and the church by "Providing Christian Hospitality in a Hostile World."

CHRISTIAN ASSOCIATES OF SOUTHWEST PENNSYLVANIA

Happy 40th Anniversary Christian Associates! After more than a year’s collaboration and discernment, the then predominantly Protestant Pittsburgh Council of Churches joined with Catholic and Orthodox dioceses to form a new entity committed to seeking the unity of Christ’s Body in 1970. Forty years later the Western Pennsylvania Annual Conference, UMC along with 25 other Catholic, Orthodox and Protestant judicatories across the region continue that ecumenical journey. Your partnership with Christian Associates of Southwest Pennsylvania (CASP) seeks to be “a Unifying Voice in the name of Jesus Christ for the Mission of the Gospel and the Wholeness of Communities.” In the name of Jesus diverse confessions and traditions find common
ground for witness and service. By the time of your Annual Conference CASP will welcome both a Pentecostal (Church of God in Christ) and a historic peace Church (Mennonites) to our family quest for oneness in and through Christ.

I am grateful for the leadership of Bishop Tom Bickerton and Assistant to the Bishop, Robert Higginbotham on the Council of Bishops and Judicatory Executives. David Morse, Elizabeth Wolfskill and Bill Jacka ably represent the conference as they staff our working committees.

We give thanks to God for the ministry of Lynn Yeso, a conference member, for her five years as Director of Chaplaincy Services at the Allegheny County Jail. We wish her well in her new call in North Carolina, and rejoice in the growth of the chaplaincy and the HOPE pre- and post release programs under her leadership. We welcome Gretchen Hulse as HOPE aftercare coordinator and our partnership with the United Methodist Church Union as we seek to support our HOPE graduates as they move back into constructive citizenship. We seek congregational members who will commit to being mentors in our HOPE ministry.

Callings, a weekly magazine television format program has premiered on Christian Associates enabling our member judicatories to tell their stories of witness and service in the name of our common Savior and Lord. A modest grant is enabling our television ministry to produce several pilot programs of interest to the elderly and their care givers, and the grant enables us to find ways to bring our programming into our faith-based geriatric communities.

The Pittsburgh Summit, the meeting of the G-20 provided an opportunity for Christian Associates to witness to both our unity in Christ amidst diversity, but also to the strong relationships fostered by CASP with our Abrahamic kin. While respecting the integrity and particularity of each tradition’s faith The Pittsburgh Summit Interfaith Prayer Service at St. Paul Cathedral, Oakland gave witness to the mutual respect and genuine affection which our Christian, Jewish and Islamic leaders share for each other.

Christian Associates is in the midst of a capital appeal to insure the continuation of our mission and ministries. All of our judicatories have been stressed by the demographic and economic shifts in our region. They are no longer able to fully fund Christian Associates in our work. On behalf of the Council of Bishops and Executives, I ask your prayers for generous hearts, as well as the names of potential donors so that this unique expression of the ecumenical journey can continue to impact our region in the name of Jesus and the sake of his coming sovereign reign.

The Council is grateful for the unique ecumenical engagement which we share in this region, the genuine fellowship and open dialogue among our Christian leaders and the opportunity to bring that engagement and fellowship to the grass roots - clergy, laity, and congregations. Know that the bishops and executives are joined in prayer with you during this 2010 Annual Conference.

Donald B. Green, Executive Director

Pennsylvania Council of Churches

Our Mission

Article 12 of the Council’s Constitution and Bylaws sets its mission: “The Pennsylvania Council of Churches is a voluntary association of separate and autonomous Christian churches, within the Commonwealth of Pennsylvania, through which its members seek to
manifest their fellowship (koinonia) with one another, to engage in common ministries of witness and service, and to advance towards the goal of visible unity.” This brief annual report illustrates how the Council tried to fulfill its mission in 2009. For additional information, visit www.pachurches.org.

*Fellowship*

The former presiding bishop of the Evangelical Lutheran Church in America, Pr. H. George Anderson, argued in an article in *Ecumenical Trends* that “it is clear that personal relationships between our bishops and leaders of other traditions enabled them to take the lead in ecumenical arrangements of all sorts.” The Council has focused on building and sustaining personal relationships and fellowship among the leaders of its member church bodies by

- engaging in common prayer and worship at its board meetings,
- encouraging leaders to share stories of their coming to faith and their call to ministry,
- encouraging the sharing of both the opportunities offered by and the concerns of member church bodies around Pennsylvania, and
- hosting an overnight gathering for religious leaders at the Nittany Lion Inn in State College.

*Witness For Social Justice*

Through its public advocacy ministry, the Council witnessed on behalf of social justice and for the common good. Priorities for the 2009–2010 legislative session were poverty (including all related issues like housing, hunger, health care) and public education. Additional work was done on civic engagement (thanks to an unsolicited grant from the Wallace Global Fund), torture (through the National Religious Campaign Against Torture) and gun violence (which resulted in the endorsement by the Council’s Board of Directors of a resolution on gun violence). Information on issues and opportunities for involvement can be found at www.pachurchesadvocacy.org.

*Ministries of Service*

The Council supported local churches engaging in trucker and traveler ministry at three sites, where three chaplains served along with volunteers and local church leaders. The Council also supported local churches (in the Fruitbelt and in Chester County) engaged in ministry with migrant and seasonal farm workers. Field chaplains and volunteers offer farm workers and their families worship services, spiritual counseling, clothing and other material aid, assistance with immigration issues, emergency transportation for medical care, translation services, emergency housing and food, and recreation.

*Witness Among Persons At Leisure*

The Council also worked with local park ministry committees to assist in chaplain recruitment and program administration. The annual training held just after the Memorial Day holiday ensured that chaplains were equipped for their ministry. Twenty-three chaplains served campers in 37 state, federal, and private campgrounds.

*Continuing Education For Church Workers*

The Council sponsored a three-day continuing education event for clergy and other church workers, the Pennsylvania State Pastors’ Conference. Planned by a committee of representatives from member bodies, the conference featured the Gilbert R. Rendle, senior consultant, Texas Methodist Foundation Institute for Clergy and Congregational Excellence.

Darlene R. Schlegel, Office of the Executive Director
PRISON OUTREACH MINISTRY

2009 was both an exciting and challenging year for the Prison Ministry. We were able to complete 12 Disciple classes in 10 prisons in the spring and start 4 new ones and continue the existing ones again in the fall. The Spanish speaking community continues to grow in all of our prisons and we hope to start at least 2 new Spanish classes in 2010.

September 2009 was the 10th Anniversary of WPAPOM and many of our volunteers and Board Members have participated during a good number of those years. David Stains has also participated in many Hispanic worship services in the prisons, and our Missionary Director, Randy Datsko, has been involved in several Mission trips to Cuba where Disciple is now being shared in a prison in Havana.

Dorie and Randy both participated in a Criminal Justice Summit in Washington, D.C. in 2009, sponsored by GBHEM, UMC Prison Chaplains, and UM Seminaries, and continued to share information about this ministry in both UMC and other churches throughout Western Pennsylvania.

Our newsletter continues to inform churches and supporters of what is happening in our ministry and monthly financial reports are sent to the Board and Friends of the ministry. We try meet quarterly as weather allows, and by e-mail when that is not possible.

The number of local churches and organizations and individuals has continued to grow over the years and more and more Districts are becoming involved in both prayer and financial support. We were excited to be chosen as one of the 6 Doorways to Hope at Home in our Conference and greatly appreciate the support received from W PA Conference Mission Support

Our ministry has become known in Annual Conferences in KS, NC, and TX and we continue to collaborate with the individuals involved in Restorative Justice in those areas.

Although it has been a very rough year financially, through the generous support of many churches, UMWs, and individuals, we continue to serve the incarcerated men, women, youth, and children in Western PA and have very high expectations for 2010 in being able to continue our interactive disciplined Bible study in as many prisons as possible with the help of more volunteers from many of our local churches and communities, and to continue our donations of clothing and supplies to the offenders being released and the children coming out of detention centers or shelters.

Dorie Heckman, Administrative Assistant, WPAPOM

DISABILITIES CONCERNS TEAM

During 2009 churches in the Western PA Conference contributed $8,959 to the Disability Awareness offering, making accessibility grants totaling $7,800 (ranging from $400 to $1,000 each) possible for nine requesting churches: Avery; Bairdford; Dawson; Heburnia; Manorville; McMasters; Monroeville; Vincent; and West Middlesex. During 2008, only five churches requested grants for beginning projects to assist in facilitating accessibility and accommodation. All Disability offering funds remain in Western Pennsylvania Conference in order to fund accessibility grants and disability inclusion. At the end of 2009 there was $10,126 remaining in the reserve grant fund.
Disability Concerns also sponsored a retreat at Olmsted Manor for people challenged by physical, mental or emotional issues. Twenty people attended the September 13-15th retreat this past year, making use of every one of the accessible rooms. Participants pay $75 of the total fee with necessary caregivers attending free of charge. Keith and Alyce Weaver Dunn led the 2009 retreat, expounding effectively on the profound meaningfulness of the 23rd Psalm. During 2009, our committee received one new member. The committee realized, however, that a 2008 project of gathering resources for each district that would assist churches faced with mentally and emotionally challenged members was not highly productive, gathering resources for only three districts. In addition, although the present retreat is deeply meaningful and important, enlarging it with many additional days would be too expensive and arranging adequate transportation for the disabled would become a problem. Instead, the committee constructed an idea for holding Disability Days in a totally accessible church in each district during 2011 with one pilot Disability Day in 2010 to test the concept. The Disabilities committee meets every three months and the committee chair participates on the CCN committee.

BOARD OF DISCIPLESHP

“So this is my prayer: that your love will flourish and that you will not only love much but well. Learn to love appropriately. You need to use your head and test your feelings so that your love is sincere and intelligent, not sentimental gush. Live a lover’s life, circumspect and exemplary, a life Jesus will be proud of: bountiful in fruits from the soul, making Jesus Christ attractive to all, getting everyone involved in the glory and praise of God.” Paul, servant of Jesus Christ” (Philippians 1:9-11)

Paul’s prayer is one that is as authentic today as it was for the Philippians in those early days of Christianity. The WPA Conference Board of Discipleship, working out of the conference core value of love, has tried to be sensitive to and discerning of the tremendous challenges that are being addressed by our conference churches, agencies, boards, cabinet and conference staff. These challenges are reflective of a changing culture, a recession economy, a skewed demographic in western Pennsylvania and the rapid growth of technology that demands innovation in the life of the church. However, being mindful of these challenges, working toward a renewed church that meets and grows beyond these challenges and embracing efforts made to move forward with faith and trust by all concerned in no way shifts our attention from Paul’s message to us, as individuals and as corporate bodies of Christ: that our love be “sincere, intelligent and that we live a circumspect and exemplary life that Jesus would be proud of. That our life be bountiful in fruits from the soul, making Jesus Christ attractive to all and getting everyone involved in the glory and praise of God.” This is discipleship!

The goal of the Board of Discipleship is to have the leaders of our conference focus on discipleship in all its various ministries, endeavors, “arenas,” and settings so that a spiritual, passionate connection among all people in WPA becomes more than a vision but a tangible, energizing reality. We aim to encourage, support, guide and network with leaders to make this happen. The Board of Discipleship’s mission is to provide leadership, connection and resources so that discipleship ministries thrive with best practices, safe sanctuaries, and identifiable skill sets to “get the job done.”
XII Reports

Working with the Conference Connectional Network to coordinate efforts throughout the conference, the Board realizes the importance of “hands-on” servant ministry as individuals and congregations live into and mature through active, involved, need-based, personal outreach. It is through heartfelt participation that discipleship becomes meaningful which then leads to a “teachable moment.” Therefore, the need to engage all age levels, all racial and ethnic backgrounds, all social conditions and people with special needs in servant ministries is instrumental to vibrant discipleship. VBS, camping, special worship services, work team mission trips, food distribution, youth groups, children’s clubs, parenting classes, financial seminars, Bible studies, nursing home ministries...the list goes on and on. While all this is commendable, we need to find ways to partner together in these ministries to increase the enthusiasm, determination, joy and personal experience of the faithful leaders and participants. Finding, developing, retaining and using volunteers throughout the life of the church is also a tremendous challenge. Praise and thanksgiving to God for both clergy and lay leaders who have felt the call and are mindful of the challenges but are not deterred for the mission. Let us move forward praying that “our love will flourish and that (we) will not only love much but well.”

ETHNIC MINORITY LOCAL CHURCH CONCERNS

The work of this committee is two-fold. The first is that we have been working diligently in preparing to launch a team that will develop a comprehensive plan to dismantle systemic racism within the annual conference. We have employed consulting services from Crossroads Incorporated based in Chicago, IL. They have provided facilitators which has helped develop a framework which leads to a better understand critical elements in the origins of systemic racism. These principles are critical as we develop our strategic plan. Our plan was presented at the Conference Connection Network and will be present at the Annual Conference in June.

Our hope is that this effort will help us fulfill our mission of reaching our focus areas of dismantling racism, creating new places for new people, and to develop Christian principled leaders.

COMMISSION ON RELIGION AND RACE (CoRR)

The Book of Discipline of The United Methodist Church (¶643) requires each annual conference to have a Commission on Religion and Race or other structure to “assume responsibility for such matters as:

a) Providing resources and training...
b) Examining ethnic representation on all of the conference boards, agencies, and committees...
c) Working with conference boards and agencies as they seek...racial inclusiveness.
d) Providing a channel of assistance to racial and ethnic groups…”

and twelve other areas of work to monitor and assist in the dismantling of racism.

The Conference Commission on Religion and Race has endeavored to fulfill our assigned tasks. Racism is defined as prejudice plus power. The systems of our society
were created to deliver goods and resources to those in power. White privilege is so much a part of the way we do business every day that it is difficult for us to see that it exists. We must recognize this truth and fight to change this discrimination. We are concerned that many clergy in the Conference have no recognition of the extent they/we are racist. People must be exposed to the truth and convicted by the Holy Spirit that racism exists and is sin. There is no African-American United Methodist church paying a full salary and the number of African-American congregations has declined in the Conference.

We, as the Commission on Religion and Race, realize that dismantling racism requires the participation of all Christians for we are each an “ambassador of reconciliation” (2 Corinthians 5:11-21). We ask that every member of the Annual Conference and every United Methodist will make this a priority in daily living.

CoRR has considered the needs of ethnic pastors in cross-cultural appointments. We had a representative at the Asian pastors’ event in Chicago and at the national Black Methodists for Church Renewal event in Pittsburgh. Our chairwoman participates in a Jurisdictional GCoRR Google Group for sharing lessons learned, resources, and important information. The Believe Again! program is sponsoring Crossroads from Chicago to come and deal with issues of systemic racism. Our leadership team has met with the Bishop and is asking for his help in preparing a service of racial reconciliation to be held at Annual Conference. Recommended reading:

- Meeting God at the Boundaries by Lucia McSpadden
- Dismantling Racism by Joseph Barndt
- Embracing Diversity by Charles R. Foster

The Commission on Religion and Race is grateful for all who stand against racism in large or small ways. We pray the day soon comes when racism is eliminated from the church, society, and, indeed, the whole world.

EVANGELISM

The Evangelism Team continues to plan and organize training events focused on equipping laity and pastors for more effective and fruitful evangelistic efforts. Over the past year we have held a Clinic on Evangelism featuring speakers from the Billy Graham Evangelistic Association and a Congress on Evangelism lead by Eddie Fox and George Morris. We have also held two training events focused on Christian witness. We are currently planning our next Clinic for March 2011 featuring Josh McDowell.

We continue to fulfill our relationship with our Conference General Evangelist. Our responsibilities with the General Evangelist include annual evaluations, recommending them to the Annual Conference and promoting them throughout our conference. We have completed developing policies and guidelines for General Evangelist. This information will inform those who desire to explore the calling of General Evangelist and will provide guidelines and expectations for those who are currently approved General Evangelist.

One of our immediate challenges is to develop ways to provide training opportunities throughout our conference on the district and local church levels. Another challenge is to develop a holistic understanding of evangelism. In essence evangelism is
witnessing the gospel of Jesus Christ in word and deed by proclaiming salvation in various settings and contexts and living out grace in practical and visible ways. Evangelism is one integral part of all of our Christian life and not just one segmented part of the Christian life; therefore, a holistic understanding of evangelism will encompass the varied theological focuses of our conference and inform all of the different avenues of ministry and mission carried out by our local churches.

We covet your prayers as we seek to fulfill our responsibilities in the Western PA Conference to provide leadership, connection and resources to make disciples of Jesus Christ for the transformation of the world, and to ignite and sustain a passionate, spiritual connection with Christ among all people in Western Pennsylvania.

EASTERN GERMAN PARTNERSHIP COMMITTEE

The partnership between the conferences of Western Pennsylvania and Eastern Germany was initiated at the beginning of Bishop Bashore’s tenure in the fall 1988. A committee was formed at that time to seek an appropriate partnership in then-communist eastern Europe; and it was determined that the greatest facility lay with eastern Germany, as Bishop Bashore and then Bishop Ruediger Minor, a native of that conference, were well-acquainted and both able to correspond in both languages. The first direct correspondences between members of the two conferences occurred about the beginning of 1989. Since those early days when our conference viewed ourselves in ministry to the German churches then under communism, to multiple cultural and mission exchanges between us in the 1990’s, we have cultivated a true peer partnership in the 21st century.

Many local church-to-church partnerships continue their work and we count their numerous contributions as priceless. Among the oldest and most fruitful has been the bond between Mt. Lebanon and Zwickau-Planitz, a partnership that involves near-annual exchanges of visiting teams for enrichment and mission. Within the last year, an exchange visit strengthened ties between Homestead Park UMC and the church of German partnership chair Werner Philipp of Dresden; and a new partnership has begun between the churches at Rodewisch, Germany, and Homer City UMC.

Our committee manages three annual projects—the inter-conference prayer day in early January, with a list of prayer foci or printed liturgical prayer provided in the Interlink in December; a display table at Annual conference; and the Advent daily devotion booklet, distributed to all pastors in November. Anecdotal feedback indicates that these prayer and meditation tools are used by a growing number of churches across our conference each year. The Advent devotional is now made available online at our conference website.

In 2009 we celebrated 20 years since the initial contacts between our conferences with special observances at Grove City in June.—and in October-November, the fall of the Berlin Wall, where Mary Garber represented our conference partnership at the Berlin celebration.

For information on these projects, or other ways you may be more involved in our partnership’s work, inquire of chair Joe Stains.

The partnership has progressed with a very modest budget, and very generous contributions from pastors and laity throughout the conference in the context of special events and tours. Great thanks to the dedicated committee members: Rick Russell
BOARD OF GLOBAL MINISTRIES

The WPA Conference Board of Global Ministries continues to consider God's mission today in our conference, nation, and the world, and our response as faithful disciples of Jesus Christ.

In our 2009 meetings, discussion took place concerning the possibility of a Conference-to-Conference Partnership in West Africa with the eventual selection of Zimbabwe as the country. Legislation was prepared and with approval of Annual Conference, the partnership is being developed through the Global Health Initiatives Team with Joel Garrett as chair.

Legislation was also submitted to Annual Conference and approved, to establish as regional ministries for the next quadrennium, six missions from the Advance Specials list with the stipulation that they be located in the large population areas of Western PA Conference and have established ministries covering a large service area. The six chosen were Center for Hope in Ambridge, Connellsville Area Community Ministries, Erie United Methodist Alliance, United Methodist Human Services in Johnstown, Northside Ministries in Pittsburgh and the Prison Outreach Ministry. Publicity was planned and a brochure for promotion designed to encourage local churches to get involved in these regional ministries through learning about their programs, supporting them with financial gifts and prayers, and participating in volunteer work.

An undated, all inclusive offering envelope was designed as a cost effective measure for contributions to conference Special Sunday offerings. They will be available upon request along with promotional resources.

The possibility of God’s justice, mercy, peace and love becomes more of a reality in our world as we proclaim the gospel of Christ and work together through missions we support.

HEALTH AS WHOLENESS

The vision of the team is for the development of “communities of *wholistic wellness” throughout the Annual Conference --- communities that support and nourish the development of the interrelated and dynamic wellness of body, mind and spirit. Wholistic wellness helps then to promote and sustain that passionate spiritual connection with Christ.

*Wholistic wellness includes the spiritual, physical, psychological, mental, social/interpersonal and environmental aspects of wellness.

The mission of the Health As Wholeness Team is to provide leadership, connection and resources that will assist the people of Western Pennsylvania to live lives that are wholistically healthy (body, mind and spirit) and therefore will enable them to more effectively fulfill the mission of The United Methodist Church, “to make disciples of Jesus Christ for the transformation of the world.”

The goals of this team are based on the scripture “to love” – to love God through service to others, to love ourselves by practicing wholistic health promoting behaviors
(for body, mind and spirit) and to love others through providing them with the care, information, tools and opportunities to live wholistically healthy lives.

#1 – Promote an understanding of wholeness, the role of the church and the resource(s) of the Health As Wholeness Team.

- Developed logo for Health As Wholeness, Pathways to WHoly Living.
- Began development of Health As Wholeness website with theme of Pathways to WHoly Living, based on the successful Arkansas Conference site with three major components for individuals, congregations and one for clergy, families and staff. See our website and logo at www.wpaumc.org/health. Although much of website is still under construction, many resources can be found including health education resources from HIGHMARK.
- Developed and provided presentations at district trainings and UMW meetings on John Wesley’s teachings, health and wholeness, health ministry and SPRC training on clergy health.
- Program and resource information disseminated through The Interlink, E-News, Cross and Flame, district newsletters.
- Presence at 2009 Annual Conference
  - Presentation on Health As Wholeness with wholistic health promotion activity by HIGHMARK.
  - Arrangements for HIGHMARK truck and opportunity for completion of wellness profile
  - Arrangements for HIGHMARK information table and stress reduction classes
  - Information table on Health as Wholeness, health ministry and general health information. Also drawing for health promoting tools.
  - Golden Sneaker Award with walking program and marked course including walk-a-thon fund-raiser for Nothing But Nets.

# 2 – Promote the wholistic health of clergy, clergy families and staff

- Coordinated resources and programs with HIGHMARK
  - 2 mailings in 2009
  - 2 campaigns 2009
    - Strides for Health – fall 2009
    - T’is the Season --- winter 2009-10
- Coordinated with Board of Pensions
- Coordinated with HIGHMARK for Bishop’s District Days
  (10 programs in first half of 2009)
- Forming Wellness Teams for creating wellness-promoting opportunities with the Formation of Wellness Team at Conference Center – begun February 2009
- Worked to promote, coordinate and implement wellness- promoting programs provided through the General Board of Pension and Health Benefits (GBOPHB)
  - Servant Leadership: A model for Personal and Professional Self-Care
    - Joy Conti and Barb Lewis completed first and second level trainings to qualify to lead program in conference.
- Conducted Demonstration Program in Connellsville District with STEPs program of Fayette County -- Clergy and spouses (January 2009)

#3 – Promote Communities of Wholistic Wellness through Health Ministry Teams in local churches, building on their ministries and the gifts of all members.
• Provided consultation to local churches
• Conducted Demonstration Program in Connellsville District with STEPs program of Fayette County -- for Congregations (February 2009)
• Began identification of individuals and teams for development of health ministry in each district. First steps have begun in Connellsville, Erie-Meadville, Kane and soon Pittsburgh.
• Began database of health ministers and parish nurses
• Provided information on health ministry at Annual Conference, presentations throughout conference and on new web site.

AFRICA UNIVERSITY

Africa University has many stories to tell – to the nations of Africa, and the world.

During Zimbabwe’s economic and political struggles of recent years, United Methodist-related Africa University continued to educate leaders for all of Africa. For a time in 2009, it was the only institution of higher education in Zimbabwe open for classes. We celebrated our 3,000th graduate with the 2009 graduating class.

In the 2009-2010 academic year, our 1,100 students represented 28 African countries. We have a substantial waiting list of students eager to attend on campus or through our emerging distance-learning curriculum.

For all of this, we thank God for the prayers and support of United Methodists. In 2009, annual conferences contributed more than $2 million to the apportioned Africa University Fund. That represents 86 percent of the $2.5 million goal set by the 2008 General Conference.

United Methodists’ support for Africa University creates opportunities for Africans to help Africans. Our graduates are living out the United Methodist vision for the Four Areas of Focus:

• Leadership: Tolbert Thomas Jallah Jr. is a prime example. A graduate of AU’s Institute of Peace, Leadership and Governance, the former advisor to Liberian President Ellen Johnson Sirleaf is now Secretary General of the Fellowship of Christian Councils of Churches in West Africa.
• Global Health: Bigi Ruhigita, a nurse from the Democratic Republic of Congo, earned her master’s degree in public health at AU. She returned to Congo to work in a 50-bed clinic she and her siblings founded in honor of their father.
• Ministry with the Poor: Isaiah Njimbu, a 2006 graduate, returned to Lubumbashi, DRC, to find many children orphaned because their parents died of AIDS. In response, Njimbu started the Child Action Initiative, a nongovernment organization. Today, this ministry still thrives.
• Church Growth: Daniel Mhone was instrumental in establishing 28 local churches in the newly established Malawi (Africa) Missionary Conference. He credits Africa University for increasing his capacity as a pastor.

In December 2009, we joyfully celebrated the inauguration of Bishop David Kekumba Yemba and professor Fanuel Tagwira as the university’s third chancellor and vice chancellor.
Democratic Republic of Congo President Joseph Kabila praised the university’s dedication to Africa at our annual seminar commemorating former United Nations Secretary General Dag Hammarskjöld.

Every annual conference is vital to the success of the dream that has become Africa University. Your support educates leaders in theology, agriculture, social sciences, health sciences, and peace and justice.

BOSTON UNIVERSITY SCHOOL OF THEOLOGY

We greet you in friendship, thanking God for your leadership of the church’s ministry. Many of you have given prayerful support to the Boston University School of Theology (STH) during the past year, and we thank you. You encourage us as partners in mission and in the pioneering work that has marked our particular mission in the past year. Thanks in large part to many of you, we have traveled the country, heard your hopes for the future, and launched many new initiatives.

What has happened during this year?

• Student enrollment increased in 2009-2010 over the previous year. Our dynamic student body has led STH efforts to respond to the people of Haiti, to enhance the School’s sustainability work, and to create new forms of theological dialogue among people with diverse perspectives on God and God’s creation.
• The Seminary Singers have revived the annual choir tour tradition, singing their way from Northern Virginia to Connecticut.
• Travel seminars have studied in Cuba and Ephesus (modern Turkey).
• The STH faculty published eight books in the past year, and they were honored with two book prizes, two teaching awards, one promotion to a Boston University endowed chair, and one leadership award.
• Professor Anjulet Tucker joined our faculty in 2009, bringing her expertise in Sociology of Religion and her specialized study on Black Pentecostal churches.
• Professor Dana Robert is delivering major addresses around the world in 2010 to celebrate the 100th anniversary of the Edinburgh World Missionary Conference. The School will also celebrate the 100th anniversary of the Truman Collins Chair in World Christianity and Mission, sponsoring special events in Fall 2010 and soaring efforts to raise funds for the Chair, thanks to an anonymous challenge grant of $420,000.
• Co-directors of Contextual Education, Sam Johnson and Elizabeth Parsons, are expanding STH partnerships with local churches, service agencies, and faith-based communities, helping us extend the breadth and depth of our work in contextualizing theological education.
• The ATLAS for Alums Program now provides free online ATLAS Access to all STH alums, enabling them to utilize over 140 journals in their ministries! Please email Maggie Keelan, Development Officer, for the user name and password to ATLAS: mkeelan@bu.edu. We are grateful to the Lilly Foundation for supporting this outreach.
• We are on the road, striving to increase our presence in United Methodist Conferences around the country. Please hold us accountable to this and let us know if you would like a representative from the School to visit in the future!

CANDLER SCHOOL OF THEOLOGY

Guided by our mission to educate faithful and creative leaders for the church’s ministries in the world, Candler School of Theology continues to proclaim the Gospel of Jesus Christ by developing leaders called by God to serve in Christian ministry. Candler is one of the 13 official seminaries of The United Methodist Church and one of nine graduate professional schools of Emory University, a top 20-ranked research university. Our distinctive commitment to both inspiring minds and empowering ministry enables us to develop uniquely well-rounded leaders who are challenged academically, encouraged spiritually, and immersed in Christian service from the first day they arrive on campus.

To ensure that our students are prepared for leadership in an increasingly global context, Candler has placed a new emphasis on internationalizing the curriculum. In 2009, we established the Office of International Initiatives and received several grants related to international engagement.

Candler’s student body continues to attract younger and more diverse people. Our enrollment stands at 499, with 391 seeking the Master of Divinity. The total student population is 23% US ethnic minority, 11% international, and 50% women, with 52% of MDiv students being United Methodist. Fifty-seven percent of our students are under 30.

A hallmark of the Candler MDiv experience, the Contextual Education program continues to shape our students’ pastoral identities by interweaving service at ministry sites and churches with academic reflection in the classroom. In any given week, Candler deploys more than 250 ConEd students throughout the region to minister to people in congregations, hospitals, and social service agencies. Last year, Candler’s ConEd students provided 1/3 of the service hours responsible for Emory University winning the U.S. government’s Presidential Award for General Community Service.

Candler’s Teaching Parish Program continues to expand into more conferences in the Southeastern Jurisdiction, providing United Methodist students with the opportunity to serve churches throughout their seminary education, earn academic credit for pastoral experience, and complete their MDiv degree in three years. Through the Course of Study regional school at Candler and our five extension schools in the Southeast, we oversaw the educational process of 918 people this past year.

Candler has faced the recent economic challenges with a steadfast commitment to keeping theological education affordable. Although our operating budget essentially will remain flat next year, we are increasing our investment in financial aid. Candler’s total financial aid commitment in 2009-10 was $4.7 million. Eighty-six percent of eligible students received Candler-based financial aid, with the average award covering 76 percent of tuition. More than $2.6 million was provided to 191 United Methodist students.

During 2009-10, Candler celebrates the 25th anniversary of the Sherman Scholarship Fund, which has provided financial assistance to 868 students preparing for pastoral ministry in United Methodist churches.

Our faculty members continually demonstrate their dedication to the church through preaching and teaching engagements, scholarship, and service in local parishes as leaders in their congregations.

Candler draws considerable strength and inspiration from its vital relationship with The United Methodist Church. Our ability to fulfill our mission depends upon your
support, gifts, and prayers. Thank you for the countless ways you undergird this essential ministry in the life of our denomination.

METHODOIST THEOLOGICAL SCHOOL IN OHIO

Greetings from Methodist Theological School in Ohio, where six students from the Western PA Conference prepared for ministry during the 2009-10 school year.

- 50th Anniversary: Planning for 2010 MTSO celebration of 50 years of preparing leaders for the church and the world. In five decades, our school has sent more than 3,000 men and women into vocations of ministry and service.

- Students: The school enrolled 230 students from 22 denominations in master's-level courses in the fall semester of 2009. An additional 23 students are pursuing Doctor of Ministry degrees. Three-fifths of all master’s level students are United Methodists; the second most common denomination on campus is United Church of Christ, with 8 percent of students. Half of our students are under 40 years old. Students come from 24 states and Korea; 5 percent hail from Pennsylvania.

- Scholarships: One-fifth of the students at Methodist Theological School earned full-tuition scholarships for the 2009-2010 school year. The average non-load aid award in 2009-2010 was $7,200. More than 90 percent received some form of financial aid through work-study, loans or scholarships.

- Faculty: Professor Linda Mercadante was named a Henry Luce III Fellow in Theology. The program will provide funding during her upcoming sabbatical as she continues research regarding people who consider themselves spiritual but not religious.

- Events: MTSO welcomed students, faculty, alumni and the broader community to a number of special events. The theme for October’s Schooler Institute on Preaching was “Fireworks from the Pulpit: Prophetic Preaching for Secular Holidays.” Dale Andrews, the Martin Luther King Jr. professor of homiletics and pastoral theology at the Boston University School of Theology, offered three presentations, with responses by Yvonne Zimmerman, assistant professor of Christian ethics at MTSO.

In March, the Williams Institute presented Ed Wimberly, provost at the Interdenominational Theological Center in Atlanta, who spoke on the theme “The Pursuit of Happiness: Practical Theology in the Wesleyan Spirit.”

“Small but Significant: Missional Renewal of the Small-Membership Church” was the theme of March’s Mission and Evangelism Institute, led by Anthony Pappas, executive minister of the American Baptist Churches of Massachusetts, and Robin Knowles Wallace, professor of worship and music at MTSO.

WESLEY THEOLOGICAL SEMINARY

Seated in the nation’s capital, centered in Christian faith, Wesley Theological Seminary prepares over 1,000 students annually, representing more than 25 denominations, to become exemplary teachers, preachers, and leaders. In 2009, Wesley welcomed the largest and youngest class in its history; a trend that we look forward to supporting in years to come.

A Capital Seminary – Wesley is expanding its landmark programming downtown at Mount Vernon Square, an innovative venture in contextual theological
education. At MVS, Wesley hosts Master’s and Doctoral courses, focusing on urban ministry and public theology, as well as community workshops. MVS is also houses Wesley’s Urban Fellows program, which supports students dedicated to inner-city ministry. Learn more at www.wesleyseminary.edu/mvs.

A Place for Spiritual Growth and Leadership Development – Wesley’s Lewis Center for Church Leadership has launched a new online assessment tool, the Lewis Pastoral Leadership Inventory (LPLI), designed to provides pastors valuable feedback on 75 criteria of effectiveness in ministry. Information about Lewis Center resources and programs, as well as its free electronic newsletter, Leading Ideas, can be found at www.churchleadership.com.

A Global Investor - Wesley offers a diverse range of programs for clergy and lay leaders, on campus and online. This year, Wesley Ministry Network partnered with the Institute for Discipleship to expand online programming and through the Wesleyan Studies Project will shortly release new courses in Methodist History, Doctrine and Evangelism, including lessons by more than 50 scholars from 11 countries. Learn more at www.wesleyministrynetwork.com.

Wesley offers specializations in Urban Ministry, Youth Ministry, and Emerging Ministries as well as opportunities in the arts, public policy, and intercultural immersion that are buttressed by a rich array of opportunities through the Washington Theological Consortium. A dual degree in International Peace & Conflict Resolution is also possible through American University. Wesley’s Doctor of Ministry program extends these offerings through courses that challenge pastors to grow in their specific ministry contexts. The Seminary offers a vital program of scholarship support for the next generation of church leaders. Interested individuals are encouraged to contact our Financial Aid Office to find out which options are suitable for their course of study and calling.

Being Part of the Change You Hope to See - Wesley is a mission-minded community. As agents of creative, collaborative and scholarly practice, the members of Wesley’s 2010 graduating class alone will minister to more than half a million people in the course of their careers. I welcome you to join them.

God’s call is bold. Your seminary should be too.

Meet us at www.wesleyseminary.edu.

David McAllister-Wilson, President

BOARD OF LAITY

The laity board continued its work in forming and expanding District Lay Teams to bring the local church and districts and the conference closer together and working toward a common goal.

I attended the Association of Annual Conference Lay Leaders in Sacramento in February. James and Mary Scott were the presenters and brought a wealth of new information to the Annual Meeting for the Conference Leaders to take home with them, they challenged us with new ideas and concepts to help us to grow the church.

In April we planned the Lay Academy for Annual Conference and once again had a numerous amount of classes to offer the laity and clergy and the classes were well attended.
Immediately after Annual Conference, the Board began planning for the fall Laity Retreat. Our speaker for this event was Gil Rendle. Rendle presented us with new ways to have a conversation with each other as leaders and also as laity of the church.

Bishop Bickerton also formed a New Laity Cabinet. We had our first meeting in the fall with more planned. We began a conversation with all District Lay Leaders and their District Superintendents, myself, the Bishop and the extended Cabinet. To help us to realize what we need to be doing in today’s changing Religious Community we will be doing a reverse Mentoring process. We need NOT look at if we are doing things right, BUT to see if we are doing the right things.

I look forward with anticipation to the challenge of a new year and the challenges of the changing communities in which we do church.

What would church look like if…………………….? 

Harry Barbus, Conference Lay Leader

POVERTY TEAM

In our efforts to inspire, facilitate, and resource poverty-related ministries in the churches of our Conference, the Poverty Team is aware that the effort to alleviate and eliminate poverty has to have a multitude of approaches, including the obvious need for education opportunities, job-creation, and health initiatives. These ministries against poverty begin in our churches with the transformation of our hearts. We need an evangelical zeal that comes from the transformation of our hearts by the love of God and the presence of Christ and the Holy Spirit. Only with that empowering transformation will we be able to conduct ministries of both mercy and justice.

In the last year we have conducted “poverty simulations” at the Western PA School of Mission and at a West Virginia regional conference. Both of these were led by Glenn Wilson and others. Clara Belloit also has conducted poverty simulations at Clarion University.

We also created and distributed our Poverty Directory detailing “Ideas, Opportunities and Resources for Poverty Ministries by Your Local United Methodist Church.” This directory was distributed at the 2009 Annual Conference and at District “Pre-Charge Conference” meetings. It is now available on the Conference web site. Updates will continue to be made on the web site. This directory can be a powerful tool to share within the leadership of the local church.

Planning began for Annual Conference 2010 where we could sponsor a plenary session presentation describing a ministry by Move the Mountain called “Circles.” This mentoring approach to addressing generational poverty will be yet another possibility for local churches and their members to engage in powerful poverty ministry in their communities.

Our Poverty Team wants to encourage local churches to engage in ministries that address both “situational poverty” and “generational poverty.” Ministries to “situational poverty” address the needs of people who are newly caught in poverty. Usually these people can be “helped to help themselves” with relatively quick and temporary help while they recover from an unusual loss. Ministries to help “generational poverty” require a different mentoring approach that enables folks to begin to accumulate the advantages of education, experience, and new perspectives. As mentioned above, the “Circles” concept of mentoring addresses “generational poverty.”

COMMISSION ON THE SMALL MEMBERSHIP CHURCH

Since the writing of our last report the Commission on the Small Membership Church has distributed ten $500 Shared Ministry Grants using funds from Rural Life Sunday offerings. A condition of receiving a grant was to agree to participate in a four hour training experience, *An Introduction to Shared Ministry*. Five training sessions were scheduled for the grant recipients and others. One event was cancelled and the other four were held. Nine of the ten grant recipients had at least one person in attendance at a training session. A total of 32 people attended the introductory events. We plan to continue an emphasis on promoting the development of shared (cooperative) ministries.

Our commission has also been working to provide access to resources for small membership churches through our conference website. At the writing of this report this project is still in process. We will continue working toward an online resource guide for smaller congregations.

Michael Long, Chair

COMMISSION ON THE STATUS AND ROLE OF WOMEN

The Conference Commission on the Status and Role of Women (COSROW) is established by the *Discipline*. However, our conference has not had an active COSROW in many years. It should not then be surprising that getting COSROW up and going has been challenging.

Major functions of COSROW are:
1. To be informed about the status and role of all women in the total life of the conference.
2. To develop ways to inform and sensitize the leadership within the conference at all levels on issues that affect women
3. To focus on major priorities of issues related to women, which may include sexual harassment policies and procedures, and to enlist the support of the bishop, cabinet, and conference staff in policies, plans and practices related to those priorities.

A major way of being informed is to gather data through monitoring. The monitoring ministry helps us to see how we are furthering the Kingdom here in Western PA Conference. Bias and expectations are communicated to others even without our conscious awareness. Monitoring brings our actions and impacts into conscious awareness, only then can we begin to address and adjust them.

"By showing the sheer numbers—who gets to speak and who does not, who gets elected and who does not and which category of people is most likely to interrupt a person from another group—we can see the strides we have made in being truly just and inclusive. And we can show the church how far we have yet to go." [retrieved from General Commission website, http://www.gcsrw.org/Resources/Monitoring.aspx, on March 1, 2010]

Some things to think about:
- Women are 57% of the lay membership church-wide
- Women are over 50% of students in theological schools
XII Reports

- 24% of clergy church-wide are women
- 7% of 1,000 member or more churches have women as lead pastors
- Only 5% of Americans have had a woman pastor
- Women comprise 2/3 of the general agency workforce and make up 52-69% of executive, management, technical and professional positions—however the majority of women are at 4 of the general boards

CONFERENCE CORPORATIONS COMMITTEE
Members of the Conference Corporations Committee were elected by the Annual Conference in June 2009. The chair of the committee began putting together a plan for us to accomplish our work, defined in the conference Bylaws as follows:

[The] Conference Corporations Committee ... shall, on behalf of the members of the Annual Conference, review the plans and financial affairs of each Conference corporation and shall report its findings and recommendations to the members of the Annual Conference.

There are members of the committee from other conference committees. Three representatives of the Council on Finance and Administration were added in mid-August. Representatives of the Conference Trustees were added mid-September.

United Methodist Services for the Aging
- Early October the chair met with three people from United Methodist Services for the Aging: John Zanardelli, Executive Director; Andrew Harvey, Chaplain; and Glenn Gillette, Counsel. We began a conversation about what documentation the different conference corporations would need to share for review in order to submit this report to the Annual Conference.
- The 2008 Audit was received on October 7, 2009, and sent to the committee members for their review.
- A document outlining the corporate structure of the organization and ministries carried out was provided for our understanding and information.
- New projects of ‘size’ – an email from Counsel Glenn Gillette, Oct. 7, 2008 states “to my knowledge there are no current projects under study.”

Arbutus Park Manor
- The chair visited with Rick Wilson, Executive Director; and Gary Bentz, Board President, on Thursday, October 15. We agreed that the last audit would be sent for review, and that any new projects of size would be reviewed with the committee.
- Audits for 2008 were received in early November and sent to the committee members for review. They were distributed and no questions were raised.

Wesbury
- The chair visited with Donald Clawson, Executive Director on Tuesday, October 20. We discussed the relationship that might exist between the committee and the Wesbury Corporation.
- An audit comparing 2007 and 2008 was given to me to distribute to the committee. They were distributed and no questions were raised.
• The committee may be helpful in the drafting of Bylaws – the chair offered legal review by our chancellor prior their being submitted to the annual conference.
• We did not reach agreement on the process regarding new projects. The Executive Director was comfortable with the Wesbury Board handling these without our review. An area newspaper reported plans for the building of a new unit in Conneaut Lake area.

Olmsted Manor
• The chair had a telephone conversation with Jody Larson, Executive Director on Friday, December 3. Sent him files on the Conference ByLaws’ description of the work and membership of the committee, a working relationship document, and a listing of the members of the committee. He reported a change in accounting systems that has put them a little behind. They are hopeful of having the 2007 audit completed shortly and will provide me a copy.
• The chair sent Jody Larson an email on January 27, 2010 asking about the audit reports for 2007 and 2008, copying the email to Tom Burkett, Board Chair. Tom Burkett reported on Thursday, February 11th, that the copy of the 2007 audit which he had seen includes a ‘clean’ audit opinion. Once it is reviewed by the Olmsted Board on March 22, 2010 it will be released to our committee.
• The audit report for year 2007 was received on March 26, 2010.

Other Business..
• After having an initial conversation with Amy Bentz, legal counsel on January 26, 2010, the chair called to set up a meeting with the Bishop to have conversation about changing the relationship that exists between the homes and the annual conference.

ARBUTUS PARK RETIREMENT COMMUNITY

It was another exciting year at Arbutus Park Retirement Community. In 2009, Arbutus Park Manor was designated as a Five Star Facility (Much Above Average) under the Centers for Medicare and Medicaid Services Five Star Quality Rating System.

God provides, even in the economic downturn of 2009. Arbutus Park Retirement Community was blessed with generous donors, who along with skilled hands, allowed for the expansion of 964 square feet to “Crossroads,” our dedicated Alzheimer’s unit. We were also able to add an additional 700 square feet to our Rehabilitation Department, again thanks to our generous donors, and Gary L. Bentz, President of Arbutus Park Retirement Community Board of Directors, who spear headed the “Rehabilitating Life: Healing the Human Body and Spirit” campaign. This much needed additional space allowed for the introduction of out patient therapy for our independent living residents on campus, thus making healing the body and spirit easily accessible. As we look ahead to serving the next generation of aging, we have to assess the current services and assess the needs of potential residents. With this additional space we are establishing a Short- Term Rehabilitation program for those residents who need to just “get back on their feet” to return home to independent living.

In July, Arbutus Park held our second “A Splendid Summer Evening,” a dinner and play fundraiser in partnership with Green Gables Restaurant and the Historical Mountain Playhouse. Thanks to the generous contributions of our many business partners and dedicated contributors we were able to raise much needed resources for our
Benevolent Care Fund. We look ahead with much excitement for the release of the Mountain Playhouse 2010 Theater Schedule to schedule the 3rd Annual “A Splendid Summer Evening”

In the late summer and early fall Arbutus saluted its rich historical legacy by inviting people of all faith traditions and the general public to celebrate our heritage at the 2009 Arbutus Park Camp Meeting Services. A committee of Arbutus residents, the Board of Directors, and Don Krestar, Arbutus Chaplain, replicated the historical Camp Meetings. The program “Echoes” held four services: revisiting a Summer Youth Camp, a Bible Conference, Missionary Institute, and a Camp Meeting. This four part series was well received by residents, family and our campus community.

As with any industry but especially health care our roles and responsibilities are forever changing. At Arbutus Park Retirement Community we embrace change and look forward to providing quality service and compassionate care to our residents and the community we serve.

WESBURY UNITED METHODIST RETIREMENT COMMUNITY

Despite the Washington babble about restructuring the national health care system and all the convolution that goes along with it, Wesbury has managed to do well. Census is the key to a good portion of our financial health. Wesbury has been very fortunate and our census levels are in the 90+% ranges.

Brian Nageotte, our Chief Financial Officer has been promoted to Chief Operating Officer as of January 1, 2010.

We continue to work on the renovation of Grace Health Center and are getting ready to open fourteen new beds as soon as the new chairs arrive for those rooms.

We have had numerous meetings concerning expanding our operations into other areas in accordance with our Strategic Plan. The Strategic Plan adopted by Wesbury’s Board of Directors included a directive for management to explore future partnerships and/or affiliations and/or expansion in communities surrounding Meadville. Wesbury began the exploration of possible feeder facilities in Warren, Titusville, Conneaut Lake and Edinboro.

So far, we have nothing but good news to report on Alliance Visiting Nurses. The company is off to a really good start and we hope to see major growth in that business in the future. Alliance Visiting Nurses (AVN) was formed in 2008 by Wesbury, St. Paul’s and Concordia Lutheran Ministries. In 2009 Meadville Medical Center joined in Alliance Visiting Nurses and the name was changed to V.N.A. Alliance.

RUTH M. SMITH CENTER

The Ruth M. Smith Center has had a successful year. Our Preschool program is busting with 32 children, an all time high. Our residential program is considered full with 25 residents. Our residents, children and staff have had a healthy and happy year.

Through a series of grants we were able to replace the original slate roof on the main residential building. The roof was replaced with regular shingles, but in a style that maintains the integrity of the original architecture. Thanks to the generosity of the Cloe United Methodist Church, we are now the proud owners of a twelve passenger Ford van.
After reading about our need in their District newsletter they decided to donate their van to us. This will make life much easier on our Activities Director when planning a trip.

Funding for benevolent care is an ongoing concern. Eighty percent of our residents are considered low income. They are subsidized by the government, but this only covers one third of the cost of their care. Because of the churches, UMW groups, the community and Mission Support we are able to continue to provide them with excellent care. Many of our residents come to us with nothing and have no family support system. We provide them with both.

In this day and age government regulations are constantly changing. County funding is always fluctuating, and we are always faced with new needs to be met. It is our vision to keep evolving to meet these needs in our community. Presently our clientele ranges from age two months, to ninety two years old. There are many levels of physical and mental capabilities as well as emotional needs. The Ruth M. Smith Center and its staff are meeting these needs, and with the proper funding we can continue to do so.

UNITED METHODIST WOMEN

The purpose of the United Methodist Women is to be in mission to women, children and youth. The United Methodist Women have been focused on the environment this year. Each district developed its own environmental focus, worked on its objectives and made a report at the Conference Annual Meeting with 119 people in attendance at the Armagh UMC, Armagh, PA on Saturday, October 17. The Conference UMW, under the direction of the Social Action Mission Coordinator, Joan Lucarelli, has emphasized having Green Cleaning Parties where local unit women are learning to make environmentally safe cleaning products which will reduce the cost of purchasing toxic cleaning products. Children, youth and pets will not be exposed to harmful products. At the Cooperative School of Mission which was held July 13-17 (Weekday School) and July 17-19 (Weekend Event), participants learned about Food & Faith, Native American Survival and the Sudan. The Hands-On Mission Project was making cooling neckbands and helmet liners for the soldiers serving in Iraq and Afghanistan.

The United Methodist Women pray for the mission sites and the missionaries listed in the GBGM Prayer Calendar while sending letters and birthday cards to the missionaries.

The Conference United Methodist Women met their $250,000 pledge to Women’s Division.

The Elizabeth A. Bradley Fund Committee disbursed grants to the following agencies and programs for 2009.

1. Children’s Community Outreach Brookville FUMC $1,500
2. Children’s Ministry Computer Lab Chippewa UMC $ 700
3. After School Outreach Fellowship UMC $1,000
4. Outdoor Classroom First Bethel UMC $1,000
5. Greenstone Music Outreach Greenstone UMC $5,500
6. Children’s Ministry Hot Metal Bridge Faith $5,700
7. After School Program Mars UMC $1,000
8. After School at Moorhead Moorhead $ 500
9. Albright Kids Childcare Center Six United for God Co-op $1,000

The 2009 United Methodist Assembly was held in St. Louis, April 30—May 2. Fifty-two people from WPA attended the Assembly. The United Methodist Women are proud to announce that Karen (recent graduate of Bethel Park High School) and Jamie (a Sophomore at Bethel Park High School) Lucarelli of First Bethel UMC, Bethel Park, presented at the Assembly on a program titled “Past, Present and Future”. They told how they became interested and active in the United Methodist Women from attending the Children’s School of Mission in 2002 Karen is on the Women’s Division Green Team. Jamie is on the Young Women’s Consultative Group for Women’s Division. The WPA Conference UMW is very proud of these two young women leaders.

The United Methodist Women serve not only in their local churches, but on boards and agencies on the District, Conference and General Church levels.

- Donna Burkhard, Conference President, serves on the General Board of Church and Society.
- Carol Fuller (immediate past President of the Erie/Meadville District) is President of the Chautauqua Mission Home. Donna Burkhard, Conference President, and Ardell Johnson, (Kane District) are members of the Chautauqua Mission Home Board.
- Donna Burkhard (Conference President), Betty Roberts (Mission Coordinator for Membership Nurture & Outreach), Kay Magnuson (Kane District President), Wilma Maben (Kane District), Marie Stumpf (Indiana District), and Cindy Hickernell (Erie/Meadville District) serve on the Ruth M. Smith Center Board.
- Donna Burkhard serves on the Connectional Network, the Conference Board of Church and Society, the Commission on Race and Religion, The Bishop’s Israel/Palestine Task Force, Conference Lay Leadership Committee, the Quadrennial Election Process Committee, the Conference Sessions Committee (Privileges & Courtesies), and as a Legislative Section Leader.
- Peggy Ward (Pittsburgh District) is on the North East Jurisdiction Planning Team for 2012.

The United Methodist Women are providing leadership development for women to enable them to become officers on the local, district, conference and general church level.. The United Methodist Women are fulfilling their purpose to be in mission to women, children and youth by raising money to support missions and missionaries locally, nationally and internationally in order to provide education, health care, food, spiritual development and work to eradicate poverty.

THE UNITED METHODIST FOUNDATION OF WESTERN PENNSYLVANIA

The Investment Committee of the Foundation faced many market challenges during this past year and carefully monitored the activity and performance of its investment managers. By reducing the total return distribution to depositors by one percent for the year, the Unified Balanced account was able to produce a very competitive total yield in excess of 21.2%. This recovery has affirmed the rationale for the conservative investment policies that has guided the Foundation over multiple years.

In spite of the fact that many other grant making Foundations drastically reduced or suspended their awards for 2009, we were able to continue to serve applicants in much the same manner as we had done in previous years. A record number of applications were received this year. We were delighted that the revision and simplification of the process encouraged so many to apply. Awards totaling over $43,000 were distributed among 24 churches and 14 agencies. Many of the grants assisted community feeding programs.

A major emphasis of the staff of the Foundation is to assist individuals in establishing planned gifts for the benefit of their local church and/or other United Methodist Causes. The importance of these long-term efforts was affirmed as the Foundation received a bequest in excess of 1.4 million dollars for the benefit of a local church. Additionally over $263,000 in unrestricted bequests were received to assist the Foundation in its ministry to churches, individuals and agencies.

As the Directors and staff of the Foundation continue to seek to improve both the quality and availability of its programs new hardware and software was purchased for the office. Also a comprehensive Communications Audit was undertaken in 2009. Results of this endeavor led to the formation of a task force that includes representatives of the Conference and Foundation staffs. The purpose of this group is to explore new avenues to deliver information and resources to individuals and congregations.

The third Pastors Academy for Stewardship Formation was initiated with the selection of ten pastors to embark on this three year journey in intensive study and sharing. Maxine Beach, Dean of the Theological School of Drew University, provided a three day training on the Biblical Basis of Stewardship.

In October, the Board of Directors held its 20th Founders Day Awards luncheon. The recipient of the award for 2009 was Joan Nagle. Now a resident of South Carolina, Joan had served as the Chair of the Board and was also selected to give the Laity Address to the General Conference in 1988. Over the years this event has honored numerous leaders that have advanced the mission of stewardship.

It was with deep sadness that the Directors mourned the loss of Neal Rogers. Rogers had served the Foundation for many years in a number of different capacities. His insight and commitment to the mission and ministry of the Foundation will be a legacy that will remain for many years.

Against the backdrop of an uncertain economic climate, the Foundation continues to inspire individuals to provide a legacy of both their resources and their faith to provide ongoing support of various ministries and programs. The seeds that are sown today may take many years to mature, but will ultimately bear witness to the passionate endeavors provided by the staff and Directors of the Foundation.

Robert E. Harper, Chair, Board of Directors
ADDENDUM:

It is with deep sorrow that we acknowledge the sudden death of Robert E. Harper, Chair of the Foundation Board on February 24, 2010. Bob’s leadership and passion for the work of the Foundation has provided a legacy that shall continue to guide our work for years to come. As life-long member of the Coraopolis United Methodist Church and active leader in the community, his life bore witness to the highest of ideals of our Wesleyan heritage.

Frederick H. Leasure, Executive Director

COUNCIL ON FINANCE AND ADMINISTRATION

First, the required information. The 2008 Discipline ¶ 611 states that every Annual Conference shall have a Council on Finance & Administration (CF&A). The CF&A is tasked with developing, maintaining, and overseeing the financial plan for the Western PA Conference of The United Methodist Church. It creates administrative policies and procedures, and supervises the financial management services for the Annual Conference.

The mission of the CF&A is to faithfully assist, sustain, and support all of the ministries of our Annual Conference with dependable resource management. The standards to which the CF&A holds itself and the financial and administrative services of the Annual Conference are the highest Christian ethical principles of integrity, transparency and trustworthiness as well as expertise in faithful fiscal accountability.

As required by the Discipline, the CF&A recommends an annual budget to the Annual Conference that consists of anticipated income from Mission Shares, designated investments, and other sources such as program fees and revenues. The annual budget also proposes expenditures related to all anticipated benevolences, programs, clergy support, General Church obligations, and administrative costs. In addition to the annual budget, the CF&A recommends a Dispersal Directive procedure for dealing responsibly with possible situations in which budgeted funds, as approved by the Annual Conference, are deemed inadequate. Income and distribution of funds are carefully monitored to insure that spending is in accordance with the directive of the Annual Conference as expressed through the approved budget and consistent with generally accepted and approved financial practices.

The CF&A is responsible for the oversight and management of the Conference Treasurer’s office and the professional financial and administrative services staff of the conference. CF&A and the Conference financial staff also directly work with our auditors, overseeing the teams work and leading it in the vital ministry of insuring that the conference’s fiscal responsibilities are carried out with the highest possible accuracy and integrity according to accepted standards of accounting.

Okay, now that that is out of the way...

Greetings from the Council on Finance & Administration. 2009 was quite a year. We received more Mission Share payments this year than in the history of the Annual Conference. Nearly 600 churches faithfully paid their Mission Share apportionments at the 100% mark or higher, while only 9 churches paid 0% of their Mission Share apportionments. Because of your incredible faithfulness and attention to our Mission Share Commitment, we received a total of $8,286,178 towards our projected
$9,974,081 requested budget, or better than 83% return on Mission Share askings. On behalf of not only the CF&A but also every committee that reaches out across Western Pennsylvania and around the world in ministry on your behalf, let me say thank you for your diligence and commitment to the budgetary process.

This being only my second year on CF&A, and my first as its Chair, I would like to take a moment to say thank you to Howard Burrell for his many years of service as the previous CF&A Chair and for his support and help in the transition process over the last year. I would also like to thank the rest of the CF&A for all their hard work this past year. This is a tremendous group to work with, and I am privileged, honored, and thrilled to be a part of this team, and to be surrounded by such a wonderfully talented and experienced team.

This year we were tasked with providing several pieces of legislation for consideration, and in doing so, we needed to look at the budget process in a unique way that would help us stay consistent with the five areas of focus adopted by the Annual Conference in 2009. This brings a new look to the budget for this year, a new look, and a new focus on ministry, church growth, new communities of faith, and new commitments to global outreach and ministry.

For 2009 the CF&A continued its commitment to strive for full financial disclosure by providing the Annual Conference with information pertaining to sources of income and expenditures. In addition, the following highlights were achieved:

- This year the CF&A continued its support of the Annual Conference legislation for Local Church Short Term Incapacity Support Funding, which includes a request for every member of clergy to contribute to this account for 2010.
- With the outstanding support of our Conference Finance Department Staff, we have been able to post all local church Mission Share payments on the WPAUMC.org web site on a monthly basis. This information can be found under the “Finance & Benefits” tab, under the link “Mission Share”.
- We continued our monthly assessment and audit of the expenditures within the Annual Conference and of the work of the Conference Connectional Network.
- And of course, we continued to look for ways to support the ministry of the Annual Conference through the monitoring and evaluation of the finances provided by the local church.

The CF&A is privileged to serve the Annual Conference, its ministries, and its agencies. As we venture together into a new decade of ministry, we continue to ask for your prayers and support as we try to find ways to reduce our operating costs while staying consistent and true to our task of ministry. Please continue to keep us in prayer, and keep the ministry of the Conference Connectional Network and their committees in your prayers, as they look for ways to develop ministry opportunities that bring us together as an Annual Conference, and give each of our churches the opportunity to do ministry together that we could not do alone.

Paul Ritchey, Chair

BOARD OF PENSIONS

The Conference Board of Pensions experienced a year of discovery, organization, and focus. We have established three committees within the Board to focus on the work we have to do and how we can do it more effectively and have a broader
participation earlier in the decision making process. The administrative committee is focused on the task of ensuring that we have a good system for billing and collecting the monthly costs of pension, death and disability and health benefits. These tasks include improving the performance of EBDS (recently acquired by Highmark), who has been providing the billing and collection service, and reviewing the system of retiree grants generally for service not formally recognized under the pension plan. The health insurance committee is focused on the many aspects of the active and retiree health insurance and retiree health insurance subsidy. They are also attentive to the projected retiree health care liability and the funds needed to support the liability. The finance committee is focused on improving the reporting of all things financial to the board and increasing the depth of knowledge about the financial decisions that the Board is responsible for each year. Each committee’s chair is a member of the Board’s executive committee. The executive committee has kept the responsibility for the review of the pension plans and the management of providing an appropriate benefit reserve fund to provide a modest fund to absorb some of the impact from value fluctuation in the market place and other events.

The strains of the 2008-9 economy and stock market cast a long shadow over the activities of 2009 and into 2010. The stress of having nearly a million dollars in extra pension payments due in 2011 and falling to less than fully funded status for the retiree health insurance caused us to take a hard look at some of the decisions that had been made when we had been overfunded as the result of rising stock prices over the years. There are currently three parts to the Pension Plan. Years of service prior to 1982 are part of the Pre 82 plan. Years of service from January 1, 1982 through 2006 are under the MPP, Ministerial Protection Plan, a defined contribution plan during the years of accumulation. Service beginning January 1, 2007 to the present is covered under the CRSP, Clergy Retirement Security Plan, with both defined benefit and defined contribution elements. Each segment of this three-part plan has its own set of rules for benefit calculations. Upon retirement a portion may be withdrawn in cash and the balance is set up as an annuity. At that time a defined benefit obligation is established for the lifetime of the clergy and, if applicable, the spouse. Each church with a full time pastor participating in the current CRSP plan has been relieved of about $6,000 a year for each of the years 2007-10 as the result of designating a portion of the overfunding of the Pre-82 plan to cover the required contributions to the Defined Benefit portion of the CRSP plan. The Board is proposing 2010 legislation to continue this in 2011.

The General Board of Pension and Health Benefits has reviewed the pension, death, and disability plans following the 2008 market meltdown to determine their stability and sustainability. As a direct result of this review it was determined that substantial contributions would be required in 2011 by all Annual Conferences to replenish the asset base of the MPP plan. Our portion of that payment is $961,340. As part of the review it was also determined that the death and disability plan called the Comprehensive Protection Plan, CPP, had an excess over the necessary reserves. The GBOPHB has established a three year “premium holiday” for this CPP Plan and strongly encourages the Annual Conferences to continue collecting the premiums and redirect them to the payment of the extra pension contribution due. We will be presenting legislation to accomplish this at the Annual Conference in June. It is estimated that $671,000 would be the 2011 CPP premium that would be directed towards the required
MPP payment of $961,000. It will be proposed that the balance, estimated at $291,000, would be paid from our conference’s benefit reserve account.

**Medical Insurance Coverage**

The medical plan for our active clergy is with Highmark. The plan is a medical retrospective insurance plan where the Conference pays the actual costs within a 20% corridor of the expected annual costs. The expected annual costs are apportioned through the monthly billings to the participants, churches, conference and agencies. Differences between actual costs and expected costs are absorbed by (or added to) Conference health insurance reserves; the Board maintains reserves sufficient to absorb about two year’s worth of adverse excess actual costs.

*Medical Insurance for Special Clergy Situations – paid from Mission Share*

**Clergy Widows and Families**

Our conference through the mission share budget has for many years covered the full apportioned cost of the medical insurance for clergy widow(er)s and their families until the widow(er) became 65 and moved to Medicare. There are 13 widow(er)s in this group, and the approximate annual cost is $106,000. As we are challenged to be responsible stewards, we have been reviewing the amount and length of time that we are paying for health insurance for surviving spouses, and we have concluded that the present arrangement is generous beyond norms even in our denomination and overlooks the changing demographics of clergy spouse careers, etc. We will be proposing legislation this year to provide a bridge period (three years) of coverage fully paid from the mission share budget and thereafter a much lower annual contribution. The legislation will also propose that a portion of the savings be set aside to establish a hardship grant fund that could be used to cover some of the cost of remaining in the Conference plan for widow(er)s who have particular hardship needs.

*CPP benefit eligible Clergy and Families*

(16 families) in this group receive a total subsidy of $214,000 from the mission share budget.

*Student Pastors*

Churches where a student pastor is appointed are the recipients of a subsidy from the mission share budget equal to half of the required medical insurance cost. This subsidy supports the goal of developing effective leadership. The Conference is currently investing $74,000 in the leadership development of 11 student pastors serving churches in the Conference.

*Consultants and Professional Resources*

The Conference Board of Pensions continues its relationship with Employee Benefit Data Services (EBDS). EBDS generates monthly reports for the Conference Board of Pensions and Conference Treasurer. They invoice and collect the monthly billings for health premiums and pension contributions from the churches, agencies, and conference. EBDS has been acquired by Highmark and is in the process of being
integrated into the Highmark family. We have been experiencing a declining level of
service as this change has occurred. The Board in conjunction with the Conference
Benefits Officer has been working to improve the quality of service or consider
alternative solutions. In addition, the Conference Board of Pensions continues to work
with Frenkel Benefits. They provide consulting services for our active health program, all
of our Medicare supplement alternatives, and assuring our programs comply with
regulations. In 2009 the Conference Board of Pensions utilized the actuarial services of
the General Board of Pensions and Health Benefits.

AON, a benefit actuary service, is used by the Conference to value the post
retirement medical insurance obligation of the conference in support of the annual
financial statement audit. The Conference Board of Pensions has used their services to
assist in legislation proposals and board decisions to estimate the impact of benefit
eligibility and subsidy changes on the liability for post retirement benefits. It is the
intention of the Conference Board of Pensions to continue to utilize these professional
resources in our future benefits decision making. The new less-than-fully-funded status
of these obligations has led the Board to keep unchanged at $126 per month the subsidy it
provides retirees for so-called “Medigap” or “Medicare Advantage” insurance, in spite of
rising premiums.

Other activities

The Conference Board of Pensions continues to fulfill its responsibility for
matters related to, and for providing for the support, relief, assistance, pension, and
benefits, for United Methodist Clergy families, United Methodist Church workers, and
lay employees. In the area of Incapacity, the Conference Board of Pensions participates
in a joint committee with the Board of Ordained Ministry. We continue our connection
with the General Board of Pensions and Health Benefits (GBOPHB) in Evanston, Illinois,
the United Methodist Foundation and the Keystone United Methodist Federal Credit
Union.

The Board of Pensions sponsored a fall pre-retirement seminar for clergy over
55 and their spouses. The program included presentations by the GBOPHB, the United
Methodist Foundation of Western PA, Keystone United Methodist Federal Credit Union,
and the Pittsburgh area Social Security and Medicare departments of the Federal
Government. Mark Stewart presented information on our conference retiree medical
insurance.

Some interaction has begun between the Health as Wholeness team and
representatives of the Pension Board as we seek to focus our clergy and congregations on
daily choosing a healthier life style (reducing stress, eating healthier, and including
intentional exercise).

The Board of Pensions would like to express its appreciation to the Conference
Benefits Officer, Patricia Morris, in meeting the many requests of the Board and the
benefit plan participants. Many thanks go to key support staff in the past year including
Sally Bickerton, Larry Bridge, William Jacka, Kathleen Lasky, David Lindberg, Cooky
Seth, and Mark Stewart.

All members of the Board of Pensions have stepped up their efforts to make the
new committees and our work as a board a success. Praise God for each of these
volunteers and the gifts that they each bring to the work of the Board of Pensions. A
special appreciation to Frank Kelly, Vice Chair, who is great at keeping us on task and
William Hastings, Secretary, who is diligent at keeping the documentation and minutes we rely upon. Thanks are in order to our new committee chairs Tracy Merrick, Administration; Robert Garbart, Finance; and Edward Bailey, Health Insurance who have shared their leadership abilities and ideas for improvements.

Terry E. Lyon, Chair

CONFERENCE TREASURER

The goal of the Finance department for the Annual Conference is connection to the local churches. Once again we conducted district visits to provide training and resources.

The highlight of 2009 for me will always be the moment I was able to present to our Bishop a gift from the hearts of our local church treasurers of $5,000.00 for Global Health.

We were able to complete the 2008 audit prior to Annual Conference 2009 and were pleased to report that our Conference is on solid ground financially. Even though the market took a major hit, our churches paid more in Mission Share in 2009 than any other time in the history of our Conference.

I was proud to be elected by the Council of Bishops to serve on The General Council of Finance and Administration for The United Methodist Church. Being a part of that council has been a huge learning process for me and has enabled me to bring back to our Conference first hand information about financial issues of the denomination.

The new Conference website is up and running and we are in the process of adding items to the Finance & Benefits pages of the web site. Soon all forms will be on the site and as well as the new Treasurers’ Manual due out in February 2010. Future plans call for online classes in accounting and payroll processing.

This year will be final time we use our current accounting software. In the future we will be moving toward faith-based software rather than the manufacturing software presently in place. The entire staff is looking forward to that transition.

I want to express special appreciation to Howard Burrell former chair of CF&A. Howard has continually supported our Finance Staff and his leadership was always a blessing to us.

The new chair of Council on Finance and Administration is Paul Ritchey. Paul comes with enthusiasm and a prayerful spirit. We look forward to working with Paul.

I am blessed every day to work with a staff that offers ministry in many different ways:

Larry Bridge continues to serve as controller for the conference. He is a quiet presence in our staff, but he comes with great knowledge and dedication. Jervais Carr sees that everyone gets paycheck and bills paid on time! Jervais has an awesome work ethic and she is a gift to us. Sally Bickerton has been wearing many different hats this past year – from support staff to temporary accounts receivable! Sally is a gentle spirit with a keen sense of justice. Kathleen Lasky works closely with our members on issues of hospitalization and pensions. Kathleen is caring, compassionate and she wants things right for our clergy. Kerry Canter and Sue White never say no to a job in the mailroom. They sort, fold, staple, copy, stamp and carry thousands and thousands of pieces of mail each month. Ben Harsh is always close at hand whenever we need any help with
computers, excel reports, mission share issues – he blesses us in so many ways. Bill Jacka is a man with many gifts and he uses all of them for the annual conference. Bill is a man of faith and prayer. From facilities, property to video to sound – Bill is always there for us. Gloria Seth answers the conference phone each time you call. Gloria cares about the annual conference and she is quick to connect you to the ministry area of your choice. We all work for you. We encourage you to call us with any question or need you may have.

Patricia Morris, Conference Treasurer

ENDOWMENTS

This report is a complete listing of endowments, investments and special pension accounts of the Western PA Annual Conference. Special thanks to Frederick H. Leasure and the United Methodist Foundation for their management of the large majority of these funds. With just a few exceptions, the endowments are designed for interest only expenditures.

Special appreciation is extended to the individuals who possessed and shared the vision that funded these endowments which support for our connectional ministries.

Lawrence D. Bridge, Controller
UNITED METHODIST CHURCH UNION

The United Methodist Church Union has been serving the Pittsburgh region since 1880 with outreach missions and ministries. Our present mission is to serve as a catalyst to build strong, vibrant congregations and agencies in the Pittsburgh region, seeking transformation of lives and communities. Over this past year, with a collaborated spirit and your financial support, the following ministries have assisted hundreds of individuals and truly have made a difference in their lives.

NEW HOPE UNITED METHODIST CHURCH & CHURCH OF OUR SAVIOUR – Aiding with financial recording and reporting so these ministries can remain focused and valid in some of the most challenging neighborhoods in Pittsburgh. Also helping with the coordination of Vacation Bible School for our Northview Heights Community and providing general oversight for this congregation’s redevelopment and expansion of ministry and mission.

NORTHSIDE CONGREGATE FEEDING PROGRAM - Serving over 11,000 meals annually to the homeless and unemployed on the Northside of Pittsburgh. Over two dozen United Methodist congregations join us in making this basic need ministry possible.

BETHANY HOUSE ACADEMY – Enabling over 20 preschoolers at St. Clair Village to experience a healthy start within one of our most challenged communities. This will be our last year at this site due to the closing of the housing community; however we are hoping to move this preschool to Northview Heights. At the Northview Heights site we are already providing computer training and tutoring for the children and youth on a daily basis. Summer programs expand these contacts with day long programs and field trips.

LOW INCOME PRESCHOOL SCHOLARSHIPS – Helping to coordinate over 100 scholarships with 13 different preschools in Western PA. These scholarships assist both the families and the schools to nurture our young children at a very important stage in development.

METHOUSE and METOWERS – Provides over 225 low income seniors with a safe and healthy living environment. Also sharing information through dozens of programs for these 200 plus seniors on a variety of topics like; financial solicitation, health care, dietary, and general safety issues.

METHOUSING NORTH, INC. – Opening in 1983, Methousing North, Inc. has continued to provide modest, safe and comfortable living areas by providing eight apartments for individuals and families. There are four one-bedroom apartments and four two-bedroom apartments. One tenant has been in the facility since it opened. That longevity in part testifies to the value of the service, however increasing capital expenses and the aging of these facilities is truly a challenge for the future of this ministry.

8th AVENUE PLACE - Collaborations with this new ministry located in Homestead for space and ongoing support. Dozens of individuals and families are provided with a daily drop in support base, plus weekly worship experiences are now being offered.

NEW DAWN BEGINNINGS OUTREACH MINISTRIES – A partnership ministry enabling over 30 youth each school year to receive extra tutoring and training for general etiquette practices and career preparation.

Larry Homitsky, President
BETHANY HOUSE ACADEMY
Bethany House Academy also known as Bethany House Ministry strives to bring the love of Jesus to two low-income public housing communities in the City of Pittsburgh. The heart of the ministry is service to children and youth. However, the offering of crisis intervention, referral and counseling services, and tangible aid of food, clothing, and school supplies also serve entire families. Financial support for the ministry is received from United Methodist Western PA Conference Mission Support, Trust Fund allocations from the United Methodist Church Union, many United Methodist Churches through Conference Advance Specials, the PA Board of Education, and donations from individual United Methodist. Food, clothing, Christmas gifts, and program materials are also donated and appreciated when received. Most of all, the prayers of many committed supporters are of vital importance to us.

Northview Heights
The ministry in Northview Heights, through collaborative efforts and others, has been able to offer a broad spectrum of services. Bethany House has secured a contract with the Pittsburgh Department of Human Services to reduce the out-of-home placement of African-American males. Additionally, as part of The Pittsburgh Foundation we are now engaged in a Community Garden, Health and Wellness, and Entrepreneurial project that focuses on self-sufficiency. We also provide academic, character development skills and paid work experience for youth living in Northview Heights and surrounding areas. We continue to offer high quality academic and spiritual programs in our after-school initiatives such as: Computer literacy, entrepreneur training, arts and crafts, tutoring services, spiritual development, and the P.O.W.E.R. (Positive Outcomes With Excuses Removed) program. During the summer we offer an 8 week program for all school aged children and youth. The City of Pittsburgh Parks and Recreation Department supply breakfast and lunch for the program. Many of the activities are implemented by staff who resides in Northview Heights, as part of our community empowerment model.

St. Clair Village
The Programming in St. Clair Village also reflects our willingness to cooperate with others. Through the Housing Authority City of Pittsburgh, we are part of a family self-sufficiency program. Our high-achieving Preschool program is working towards becoming a model for replication for those who teach African-American children. The Pre-school has partnered with Head Start in an effort to provide additional intensive services for the families that have children enrolled in our programs. Additionally, we provide academic proficiency skills for thirty (30) K-2 students attending Philip Murray Accelerated Learning Academy. During the summer we offer programming to children and youth, however the focus is placed on our preschool graduates as measure of providing knowledge retention instruction. Ninety percent (90%) of our staff live in St. Clair Village We are thankful for the prayers and support of churches and volunteers as we join with others to do “the Glory of God”.

Keith Murphy, Executive Director

METHOUSE, INC. / PARKVIEW TOWERS
Methouse, Inc. / Parkview Towers is a high-rise apartment building for extremely low, very low, and low income senior citizens and people with mobility-impairment. The facility is HUD affiliated. The minimum age requirement for seniors is
62 and for a person with a mobility-impairment the minimum age is 18. Market rents range from $387 to $506 per month and include light, heat, and water.

The mission of Methouse, Inc. is to provide safe, comfortable and affordable housing where our residents may continue to participate in community life with a high level of dignity and independence.

A part-time Service Coordinator shared with Metowers helps residents find services in the community that will address pressing needs. The Service Coordinator is enhancing the program significantly.

Methouse, Inc. strictly adheres to all non-discriminatory practices and requirements of its sponsoring agencies and seeks to establish a beneficial community life for all of its residents in an atmosphere of joyous goodwill and fruitful living.

DISTINCTIVE FEATURES:
- Attractive facility
- Safe and sanitary housing
- Worry free maintenance program
- Competent, committed administration and staff
- Active Residents’ Council
- Opportunities for socialization and for spiritual growth
- Careful supervision by a responsive Board of Directors

David A. McQuiston, Administrator

In 1978 the United Methodist Church Union began the process of planning, implementing and building a ten story high rise for the elderly and those who were mobility impaired under the age of 62 with very low incomes. In conjunction with the Department of Housing and Urban Development that dream became a reality in November 1980. Eighty-eight single bedroom apartments designed for the elderly, and ten designed for those with mobility impairments, were quickly filled. A long waiting list for those seeking housing soon followed.

Metowers, a Section 202/8 federally subsidized building, has been a safe, comfortable and affordable home for those with limited incomes. Aging in place, with dignity and support, has been successfully accomplished through the dedication and direction of the United Methodist Church Union.

As Metowers enters its 30th year, major renovations are underway. The kitchens and bathrooms in all the apartments are being remodeled. New appliances are being installed and many of the common areas will be updated. Special care is being taken to ensure that the apartments designed for those with mobility impairments will more efficiently meet the needs of those who reside in them.

METOWERS IS:
- Staffed by competent caring people
- Supervised by a Board of Directors that shares the same commitment
- Clean, safe and comfortable
- Supportive of spiritual growth and socialization
- Moving forward to continue to meet the needs of an aging population
- Home

Kathryn E. Williams, Community Manager

Connie L. Gossard, Director
SECRETARY OF GLOBAL MINISTRIES

This arrival of Annual Conference 2010 will mark the end of my second year as Conference Secretary of Global Ministries. I am still not fully sure of what that position fully entails. This past year has continued to be a near vertical learning curve as I find that the office is a large as the person occupying it allows it to be. Some days it is large and other it is quite miniscule.

The first major event came in the fall of 2009 with the Northeast Jurisdictional Gathering of Conference Secretaries in White Plains, New York. Nine annual conferences were represented and presentations by each secretary were given on the missions of the conference, events promoting them, and celebration around the accomplishments of the conference and most importantly it local churches that accomplish the work. I fear I may have said good bye to a couple of friends from the state of New York as we await to see what the new configuration of conference boundaries will look like as three become one.

Fall also brought the itineration of two missionaries with Global Ministries to our annual conference. Alex Awad who pastors in East Jerusalem and also teaches at Bethlehem Bible College spent time in several of our churches in early October. Irene Mparutsa came later in the month and visited many churches sharing her story with young and old alike of her service in Phnom Penh, Cambodia as the Community Health, Agriculture and Microenterprise Coordinator with the Cambodia Mission Initiative. She shares a special tie to our annual conference as she was born in Mutoko, Zimbabwe and we are poised on the brink of a new conference to conference relationship with that nation.

Fall also brought a new focus to our annual conference of six regional missions with the kickoff event of “You Hold the Key”.

The coming of the New Year brought with it tragedy of the Haiti earthquake and the tremendous relief effort there. From the midst of that need came some of the greatest cause for celebration that I have heard in missions for some time. The Western PA Conference has collect to date over $500,000 dollars in cash relief efforts with another $500,000 in health kits. That is over a $1 million in relief all time record.

Here is one final note on mission share and perhaps it is a challenge to the entire annual conference. I hope my math is correct that in the poorest county in the state, Greene County, there are 31 United Methodist Churches. Last year 26 of those 31 paid 100% or more of their mission share. I believe that is note worthy to say the least. In fact I believe that the entire effort of our annual conference in the area of missions in the past year is note worthy. Thanks be to God.

Kenneth A. Haines, Conference Secretary of Global Ministries

VOLUNTEER IN MISSION

VIM (Volunteer in Mission) teams live out the motto, “Christian Love in Action” from 1 John 3:18. In 2009 in Western Pennsylvania, leaders said yes! Every district now has a district VIM coordinator. The goal of those coordinators, working with Conference Coordinator, Diane Miller, is two-fold: First, to better resource and mentor volunteers in each district; second, to set up at least one VIM experience in each district each year.
As Conference Mission/VIM Coordinator, in 2009 Diane Miller led VIM trips to
  - Russia (co-leading with Stephanie Gottschalk) to work with orphans
  - Peoria, Illinois to assist with the building of a UM church for Native Americans
  - Israel/Palestine to help with the olive harvest
Set up for 2010, Diane and other trained Conference VIM team leaders will offer volunteer experiences in UMCOR Sager Brown (Louisiana), Dulac, LA, Ethiopia, Nicaragua, Zimbabwe (3 trips), Paraguay, and Israel/Palestine. Contact Diane Miller or check the Conference web site to learn how to join one of these teams.
To inform, inspire and involve WPA United Methodists Diane spoke to over 30 groups in 2009. The hope is that listeners will become Pray-ers, Pay-ers, and Play-ers for mission.
To enable United Methodists to learn more about mission and advocacy for mission, and to enhance the connectional system, Diane was a study leader for Schools of Mission in two other conferences:
  - North Central New York School of Mission
  - Baltimore/Washington School of Mission
To resource decision makers and leaders in WPA, Diane relates and consults with the following committees/teams: Russia Initiative, Latin American Encounter, Global Ministries, Zimbabwe/GLOBAL Health Committee, Disaster Response, Mission Barn Board of Directors, Israel/Palestine Task Force, Mission Support sub committee of Global Ministries. In 2009 she met with two small local church groups as Mission/VIM consultant.
To develop VIM team leaders Diane facilitated two training events in 2009.
Diane participated in training and networking through the following connectional meetings:
  - Quadrennial Training Event – Living the UM Way
  - Upper Atlantic Regional School of Mission training event
  - WPA Cooperative School of Christian Mission
  - UMCOR Basic Disaster Training (Sager Brown Depot)
  - WPA Annual Conference – lay delegate (equalization – Butler Dist)
  - NE Jurisdiction Partner Table meeting
  - Russia Consultation (San Diego)
  - Central and South America UMVIM Conference (Mexico City)
Also of note, 2009 has seen the Eastbrook Mission Barn evolve into a huge conference resource. Volunteers regularly come to Mission Barn for training, to put together and verify UMCOR kits, and to build ramps. The Mission Barn sent 500 cleaning buckets to flooded areas around Pittsburgh in June 2009. After the January (2010) earthquake in Haiti, within a 6 week period, nearly 12,000 health kits were delivered to the barn and verified by volunteers.

Diane Miller, VIM Coordinator

PROGRAM STAFF

A brief look at 2009
January was a busy month of preparations. A tailgate party was held at the Conference Center as we joined together in support of the Steelers. Following the enthusiasm of a winning team, 30 plus leaders from the Conference traveled to
Jacksonville Florida for a training event sponsored by General Agencies. It was a time to learn of the Four Focus Areas and begin to plan how we will respond. The event ended as the Steelers were winning the Super Bowl!

Confirmation Class events at the Center began in February and continued through April. Almost 1,000 youth and adult leaders were challenged as confirmants asked questions of the Bishop, supported “Nothing But Nets” and learned more about the United Methodist Church.

Program staff aided the Evangelism team in the Clinic on Evangelism that was held in Mars in March. Evangelists from the Billy Graham Association were inspirational and challenging. The Program staff also helped with SPARK, District Helpshops, and The Partner’s in Ministry event. March was a full and exciting month.

As we work together to eradicate racism, the program staff participated and helped with the Crossroad events. The training and this ongoing work is a priority for our team.

Annual Conference was a great time for staff to connect with people from our churches. We provided times to meet and greet at our booth in Grove City. In addition, we coordinated the sale of shirts and sweatshirts with WPA logos. We also helped to promote “Nothing But Nets” through the sale of T-shirts.

In July, we had a United Methodist afternoon at the PNC Park. We also participated in Youth mission events and a jurisdictional Young Adult event at Station Square.

We sponsored two additional baseball games in August and September, providing a great time of fellowship and baseball.

Program staff provided support for The Great Escape for the Clergy in October and for the one day Laity event held at Ingomar UMC in November. In November, we also coordinated and provided leadership for the Professional Church Workers certification day.

At Light Up Night the Pittsburgh, we had a record number of volunteers who turned out to share the love of Jesus and the real meaning of the Christmas season with thousands of people. This is an event where we do take our faith to the streets and connect. The following night we aided William Meekins in our first annual Mission Gala event. Over $10,000 was raised to support The Erie United Methodist Alliance, Johnstown Human Services and Bethany House Academy.

While light up night and the mission gala were going on, other staff were attending a leadership event to become Trainers for The ReThink Church emphasis.

Throughout the year, the program staff has provided leadership for several Natural Church Development Coach training events and provided NCD resources to over 50 churches. Program staff have provided Safe Sanctuary training to over 60 local churches, in addition to answering hundreds of phone calls on issues relating to keeping our churches safe. We have traveled to churches to provide help in strategic planning and visioning. We have also helped with communication issues and provided countless other resources.

Beth Nelson, Director of Training and Resourcing
DIRECTIONAL OVERSIGHT TEAM

The Directional Oversight Team was given the responsibility to track and follow-up the legislation and actions that were passed at the annual conference session. The team reviewed the work of the 2009 Annual Conference and requested necessary information from the implementing agencies. The response from the agencies was greatly appreciated. The Team is pleased to report that our legislation from the 2009 conference has received appropriate review by various conference agencies, and that the legislation has either been implemented according to the directions of the legislation, or is in the process of implementation. The Directional Oversight Team has faithfully sought those ways in which we might fulfill our additional responsibility to oversee the implementation of the Five Areas of Focus and the embodiment of the Vision, Mission and Core Value into the life of the Annual Conference and its agencies.

Michelle L. Wobrak, Chair

DIRECTOR OF CONNECTIONAL MINISTRIES

Reports on activities and accomplishments are most important when they remind us of relationships where we find Christ in our midst. Hopefully what we do is a reflection of who we are as the body of Christ. Therefore, I choose to focus this report on the people who are a microcosm of who we are as United Methodists in Western PA – your conference staff.

I want to highlight the work of the program staff with whom I have the joy of daily ministry. I so admire their gifts, their loyalty, and their servanthood. In sharing my thoughts publically, I hope you the reader will share my appreciation and be inspired as we all continue in ministry together. I am overwhelmed by the devotion and grace of our staff. Each one is being asked to perform the tasks of two or three people. Grounded in faith, they remain steadfast, pursuing quality in their work with effective and tireless commitment. Lastly, as we move on to perfecting our work together, may we perfect our ability to honor each other as coworkers in Christ.

TRAINING AND RESOURCING:

• Beth Nelson as Director of Training and Resources is truly a servant leader. Much of what she does is to “sparkplug” and facilitate the work of others. Other individuals and teams receive the credit while Beth is faithful behind the scenes making a difference that may be overlooked. She creates the environment, cares for the details, and nurtures others to develop as leaders. Beth is also skilled at providing opportunities where relationships are built, encouraging something as large as an Annual Conference to feel like the connected body of Christ. Hundreds of local church leaders call on her annually to talk through local church programming issues, and she is able to direct them to the needed resources. She has summarized her activities in a separate report, and her fruit is known by those who have participated where her influence has raised the quality of the experience.

• Sarah Johnson serves as the assistant to the director and handles general secretarial work for many of our ministries areas. She is skilled at using the web site for publicity purposes and handles registration for all our annual conference training events. Her computer skills make her an asset as she assists all in the ministries department.
MEDIA RESOURCING:
• Emma Smith is our “librarian” and the statistics from our Media Resource Center (MRC) speak for themselves. 2009 showed a 10% increase in both membership and resource utilization. Emma’s knowledge of what we have available, coupled by her helpful personality, mean she is a resource for our churches in matching their needs with the right tool. Use of the MRC resources is a financial savings to our local churches. Consider the impact of borrowing a resource that might cost anywhere from $25 to $300 to buy—and may be used only once by that church. Is it not then a great gift of stewardship to participate in this ministry? Emma is faithful at personally being present at district events to increase awareness of this ministry.

COMMUNICATIONS: Mark Rehn and Jackie Campbell serve as our communications staff. We have also been blessed by the addition of Frank Bloise (a one year consultant contracted with Believe Again! money) who is helping us fully implement and add capabilities to the WPAUMC.org web site.
• Mark’s passion for Rethink Church and Web ministry has lead to recognition by the general church’s United Methodist Communications staff. He is a national trainer for UMCom and we have reaped fruits from his professional development. Countless brochures and print materials are designed annually by Mark. His work as he coordinates the use of various vehicles of communication increases the quality and effectiveness of us all.
• Jackie is skilled with words and she tells our stories with accuracy, detail, and passion. We are familiar with her work in the Interlink, the Cross and Flame, and the weekly E-news. Now she is also communicating for many of us through the web page and blogs. Behind each article are hours of meetings, phone calls, research, and editing. Jackie also interfaces with UMCom, providing material for them about WPA, and works against enormous odds with secular news media attempting to tell our stories in a region dominated by Roman Catholics.
• Frank, while a temporary addition, has been the organizational genius behind the design of the new web page. The new site was launched in June, 2009 and numerous staff and volunteers are being equipped to directly post information on the site. This includes full utilization by district staff persons.

CAMPING AND RETREAT MINISTRIES: The financial climate coupled with weather-related school year extensions in Southwestern PA have impacted our camping program negatively with a decrease in summer registrations. We have made adjustments in expenditures for the 2010 season.
• Kathy White retired as director of camping in January, 2010 after 35 years of service to the annual conference. In addition to 14 years in camping, Kathy also served on the Operation Sunday School staff and was the conference director of youth. She will leave behind a legacy of creativity and relationships that drew others into deeper discipleship. Plans began in late December of 2009 for a part-time temporary transitional director. Seth McClymonds begins that work in 2010. A study team has also been working and continues to advocate for a strong unified camping program with staff coordination at the Conference level. There are high hopes and a deep commitment for
camping to continue and grow as an excellent ministry that invites discipleship among children and youth people and lives out the five areas of focus we have affirmed here in WPA.

- Jane Fiedler is our quite and effective camping registrar. Each year Jane interfaces personally with communication to our 2800 campers and 1000 volunteers. More than the tangible collection of registrations, the organizing of records, the reproduction of materials and manuals, and the mailing of brochures, Jane is support that without which, camping would not happen as a WPA conference ministry.

YOUTH MINISTRY:

- Renaye Hoffman works with our youth in a half-time position. Her job description charges her with providing conference-wide activities by resourcing the work of the Youth Ministry Team. Once again in 2009 this work included events that are structured to teach leadership skills to youth by providing them with leadership opportunities. (SPARK, pages for Annual Conference, Leadapalooza, and youth 4 mission.) Renaye and the team raise Youth Service Fund dollars and distribute grants to youth-oriented ministries. Youth are selected for participation in Mission of Peace. Jurisdictional involvement has included both youth and young adult work. Renaye is gifted at building relationships with youth and providing for their development in leadership beyond the local church.

- Other youth ministries are emerging apart from the YMT. Our conference School of Christian Mission with Mission Discovery and Mission Expedition, and include a middle and high school component. We are encouraging the shift from director to coordinator hoping that we will not be restrained by the limited resources of the Annual Conference.

VOLUNTEERS IN MISSION:

- Diane Miller continues to make incredible strides forward in developing a network among local churches and volunteers committed to volunteer mission work. With resources supplied to do her work, Diane’s creativity was first evident as she developed a communication network by email. She is now one of the first ministry areas to transition into using multiple pages on our website. It is both experience and reflection that enable growth. Diane is a master at combining the two so that those involved in mission under her influence are also Spirit-shaped by the serving.

HEALTH AS WHOLENESS:

- Barb Lewis has been contracted as the coordinator of this emphasis by Believe Again! Barb brings her nursing background to this ministry along with a deep commitment to the church and a rich spirituality. The fruit of her work is being experienced in the quality of resources available to clergy and laity. She is assisting district teams and empowering local churches to develop health ministries. While the future funding of this position is uncertain, her one-year commitment is jump-starting the effectiveness of this ministry team.
ZIMBABWE PARTNERSHIP:

• Sandra Matoushaya has been hired as the part-time coordinator of this work by our Global Health Team. She is a native of Zimbabwe and her age and American education in international work make her a gift to WPA. We were pleased to welcome her to the staff early in 2010 and she has already won our hearts and our admiration.

An important partner in our connectional ministry team is John Wilson, who serves as our Conference Secretary. His administrative skills and care of details are essential to the overall work of the Annual Conference. He is a vital part of our team, resourcing us with records, statistics, data, and grounding in the legislative action of the Annual Conference and the denomination. He is supported by Norman Young, who in addition to caring for our permanent records is an exemplary volunteer who connects with our retirees on a regular basis. Thanks for the spiritual generosity you bring to your work.

Last but by no means least, Sara McLain as administrative assistant is our anchor in multiple ways. Her Christ-like spirit and loving service brings a quiet, gentle, strength to all of us. She is efficient in tasks, willing to learn and adapt to changing needs, and essential to me as DCM. What is priceless is her deep faith and wisdom for the journey.

Providing leadership, connection, and resources has been a challenging endeavor for 2009. In the face of hardships, the program staff and volunteers of our ministry teams have remained faithful. Most teams had to operate with only 60% of their budget due to the dispersal directives of the annual conference. For details, see the reports filed by teams and staff members detailing the wonderful work that has been accomplished despite limited funding.

We have been in a time of “laying ground work”, a time of plowing and planting. Now we are shifting into new ways to lead, resource, and connect, hopefully a time of growing and finally reaping. I thank God for all the United Methodists in WPA who will continue in 2010 to find new ways to connect new people to Christ.

Lisa Grant, Director of Connectional Ministries
UNITED METHODIST SERVICES FOR THE AGING

Asbury is home to almost 500 residents in independent living, assisted living, nursing care and special memory support. Over 450 employees care for these individuals, along with a group of over 250 people who volunteer their time and talents. Scientific evaluation and medical education take place alongside the delivery of high-quality and compassionate care.

Following a Board Planning Retreat, a Vision Committee comprised of Board Members and Staff began a process of exploring the future of the organization that will be defined in 2010 with a Vision Statement.

The 2009 year began with some census challenges at Asbury Villas (assisted living), Spring Lane (assisted living) and independent living. Several staff committees were coordinated to address the census challenges related to more competition in our primary market area, the housing market, and an abnormally high turnover of independent apartments.

The Asbury Villas Committee worked with the Administrator and CFO to change admission criteria (offering higher levels of care), while also offering more variety in pricing options.

The Independent Living Committee instituted initiatives such as renaming Building 7, now The Allemont, renovating current 2-bedroom units to one deluxe bedroom with a den, and adding Community Rooms such as a theater, dining/social room, craft room, business center and fitness center, as well as other programmatic changes.

Spring Lane was scaled-down to one floor and Laurel Lane was created on the 2nd floor. Laurel Lane is for assisted living residents with memory impairments.

Although marketing expenses were higher than budgeted, all of the census initiatives began to generate more inquiries for the vacant units. Census in the Nursing and Rehabilitation Center remained strong throughout the year.

After the very successful 2008 fundraising year, due to the Centennial Celebrations, we were very pleased to continue the fundraising momentum in 2009. A detailed fundraising plan was designed and phases were implemented in 2009, toward the goal of raising $800,000 sustainable annually. Contributions will continue to be critical to funding the benevolent care program and under-funded capital improvements. Almost one-fourth of the residents are not able to pay full charges for their care.

Asbury has continued its path of focusing on Customer Satisfaction, Quality and Economic Performance, and investigating evidence-based research and practices. Asbury adopted the systems and methods of Perfecting Patient Care University, based on Toyota Motor Corporation’s highly specified production system. Using the Perfecting Patient Care training, Managers and staff worked on projects to improve processes that resulted in eliminating waste of time and resources, while increasing customer quality and customer satisfaction. Some projects included “Kilowatt Killers” to reduce energy consumption; “Less Time Overtime” which resulted in over $150,000 in overtime in 2009, and “Happy Feet” resulting in 100% of residents being able to see the on-site podiatrist when services/treatments were scheduled.
Economic Performance for Year 2009 (audited results):

- Revenues from operations: $26,385,873
- Expenses incurred from operations: $(27,360,395)
- Net operating loss: $(974,522)
- Budgeted Net operating loss: $(724,703)
- Difference from prediction: $249,819

ENCOUNTER WITH CHRIST IN LATIN AMERICA AND THE CARIBBEAN

As a denominational program, Encounter with Christ continues to fulfill its mandate to foster programs in health promotion, pastoral education, and ministries for women, children and youth in Latin America and the Caribbean. Twice a year, CIEMAL, the Latin American equivalent of General Conference, has distributed about $30,000 for projects requested by member Conferences. In 2009, several grants were made to Haiti in response to the 2008 hurricanes. At the time of this writing, we had no news regarding an Encounter response to the 2010 earthquake, but we are confident it will be forthcoming.

Acting upon a new request from the Conference Committee on Global Ministries, your Conference Liaison for Encounter fathered an Advisory Committee, representative of the Conference commitment to Encounter. Significant actions of the Committee in 2009 included:

1. The affirmation of the continuing use of the Evangelical Methodist Church of Paraguay as the example of a CIEMAL member conference to hold before the Western PA Conference as our example of Latin American Methodism.
2. The hosting of a speaking tour by Bishop Pablo Mora of Paraguay, to update churches of our Conference on the current situation in the church.
3. The election of Jason Schweinberg, Committee Chair, and Susan Perry, Secretary.
4. The endorsement of an appeal to redeem the Korean Hospital of Paraguay, which had been closed.
5. The consideration of creating some VIM work teams, including one to Colombia.

The redemption of the Korean Hospital was undoubtedly the greatest accomplishment of this missional emphasis in 2009.

At a time when the Council of Bishops is calling for attention to Global Health, Conference churches working with the Conference Committee on Encounter with Christ in Latin America and the Caribbean have redeemed the Korean Hospital of Paraguay from closure due to a $35,000 debt.

The Korean congregation that had owned the hospital had all but dissolved, and left the closed facility with a staggering debt that must be redeemed before it could be reopened. Bishop Mora continued his appeal as he toured churches in the United States early this year. Churches of other conferences have assumed interest in other Paraguayan projects, but motivated Christians of this Conference determined to redeem the hospital, believing that “a closed hospital in a third world setting is a homicidal situation.” Contributions came from various churches of the Conference, but the vast majority from Evangelical UM Church of Brookville, Evans Memorial UM Church, and Asbury UM Church of Erie.
Having received the donations, Bishop Mora reports that the necessary reconstruction of the facility is under way, to bring the hospital up to municipal codes. Renovations include the installment of an emergency room and compliance with fire codes. When all is completed, the hospital should pass municipal inspection. In the meanwhile, various doctors are being approached to staff the hospital. The church is optimistic about their contacts thus far, especially since the Vice President of Paraguay has taken an interest in the hospital’s reopening and potential service.

When the Western PA Conference assumed a goal of $100,000 in support of the United Methodist initiative, Encounter with Christ in Latin America and the Caribbean, we probably assumed that voluntary offerings would meet this commitment within a few years. As it is, about $30,000 remains to meet our Conference goal. But in the meanwhile, we have been led to involve ourselves in a number of VIM missions and projects, and enrich the spiritual experience of Christians both in our Conference and in Latin America. Perhaps that was the Lord’s purpose all along.

David Stains, Conference Liaison

UNITED METHODIST HOUSE, CHAUTAUQUA, NEW YORK

The United Methodist House at Chautauqua, New York experienced another wonderful year of service! The House is filled during the Summer Season with guests, a Chaplain of the week and our Host couple. During the rest of the year, The Retreat Season, groups rent the entire House for reunions, renewal and retreats.

For many years, the Summer "Season" at the House only provided guest rooms for people attending the program at Chautauqua. Now, there is a lively program and fellowship with a full house of interesting guests each week of the Season. Tuesday lunch "Chaplain's Chat" events "sell out" and the porch is filled to overflowing. The weekly Teas are equally popular as UMW groups from both WNY and WPA volunteer to visit Chautauqua and provide cookies as well as serving the tea. Thursday programs are varied depending upon the interest or expertise of the Chaplain in residence. The 9:30AM services on Sundays preceding the Amphitheater have seen increases in attendance and frequently, the congregation spills over into the parlor. In conjunction with the Institution's Department of Religion, a weekly Bible Study is offered as well as other special events across the Season. Always, our "House of Hospitality" welcomes visitors with cold water, hot coffee and a place to rest a while and visit with others.

Beginning ten years ago when the House was remodeled and refurbished, and four new en suite rooms, including a handicapped accessible one, were added, the Trustees have provided two scholarship rooms for United Methodists to enjoy and experience Chautauqua. The recipients are selected by the District Superintendents who serve as ex-officio trustees, one each from the WNY Conference and the other from the WPA Conference.

Finally, we are pleased to report that each year the House has continued to be restored and improved because of the generous and enthusiastic membership support. As the House only rents to members, it is important to note that one may become a member by donating a recordable gift to the House at Box 115, Chautauqua, NY, 14722. Our website at www.umhouse.com will provide other details and information.

INDEPENDENT AUDITORS’ REPORT

Council of Finance and Administration
Western Pennsylvania Annual Conference
of the United Methodist Church:

We have audited the accompanying statement of financial position of Western Pennsylvania Annual Conference of the United Methodist Church (the "Conference") as of December 31, 2009 and 2008, and the related statements of activities and cash flows for the years then ended. These financial statements are the responsibility of the Conference’s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Western Pennsylvania Annual Conference of the United Methodist Church as of December 31, 2009 and 2008 and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

See Notes to Financial Statements
Western Pennsylvania Annual Conference of the United Methodist Church (the "Conference" or "WPAUMC") is a not-for-profit corporation organized under the provisions of the Non-Profit Corporation Law of the Commonwealth of Pennsylvania. The Conference is the primary level judiciary above the local church within the United Methodist denomination. The Conference is the enabling and administrative body to approximately 900 churches located within the geographic boundaries (Western Pennsylvania) of the Conference. It is subdivided into ten geographical districts headed by clergy district superintendents (who together with the resident Bishop constitute the "Cabinet") who link the Conference to the individual churches in each respective district. The "primary function" of the Conference is equipping spiritual leaders to lead congregations as they seek to serve "for the sake of transforming the work through Jesus Christ." The Conference, through the Cabinet, appoints pastors to lead congregations (churches) within the Conference, meets annually to review and pass legislation to further the mission and ministry of the church, and maintains administrative and financial records relative to its clergy members, member churches, and related organizations. The Conference implements its mission and ministry through its established councils, ministry teams, boards, and agencies.

The Conference organizes its activities in order to achieve its vision, mission and goals, namely:

- Our vision is to ignite and sustain a passionate, spiritual connection with Christ among all people in Western Pennsylvania.
- Our mission is to provide leadership, connection and resources to make disciples of Jesus Christ for the transformation of the world.
- Our core value is love: We love the Lord our God with all our hearts, souls, minds and strength and our neighbors as ourselves. This value is commanded by Jesus, inspired by our Wesleyan heritage including to spread scriptural holiness over the land, and witnessed through our integrity, accountability and inclusiveness.
Western Pennsylvania Annual Conference of the United Methodist Church
Notes to Financial Statements

The Western Pennsylvania Annual Conference, also known as the Western PA Conference or WPAUMC, includes all or part of 23 counties in the western third of Pennsylvania. The Conference has 10 districts and is entirely within the region known as Northern Appalachia.

The Conference Connectional Network, which embodies all ministry teams of the Annual Conference, and all local churches, are directing their work toward the Four Areas of Focus of the United Methodist Church. Over this quadrennium, the church will seek to focus the work of making disciples for Jesus Christ for the transformation of the world around these areas of ministry:

- Combating the diseases of poverty by improving health globally.
- Engaging in ministry with the poor.
- Creating new places for new people and revitalizing existing congregations.
- Developing principled Christian leaders for the church and the world.

In addition, the Conference has chosen Dismantling Systemic Racism as a fifth area of Focus.

Basis of Presentation

The Conference is required to report information regarding its financial position according to three classes of net assets: unrestricted, temporarily restricted, and permanently restricted.

Net assets of the Conference are reported in the following categories:

- Unrestricted net assets consist of resources available for the various programs and administration of the Conference, which have not been restricted by a donor or grantor.

  The designated funds are established by the Conference and represent unrestricted funds which are used for future retiree healthcare benefits, campus ministry, educational assistance, and various other programs.

- Temporarily restricted net assets consist of donor-restricted contributions. Amounts restricted by the donor or grantor for a particular purpose are reported as temporarily restricted net assets in the statement of financial position. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets. The Conference does not imply a time restriction on gifts of long lived assets. The donor restriction expires when the assets are placed in service.
Permanently restricted net assets represent endowments which require that the principal be invested in perpetuity and only the income be used as designated by the donor.

**NEW ACCOUNTING STANDARDS**

In June 2009, the Financial Accounting Standards Board ("FASB") established the FASB Accounting Standards Codification ("Codification") as the sole source of authoritative accounting principles accepted in the United States of America. As a result, all references to accounting literature will conform to the appropriate reference within the Codification. The adoption of the Codification, which became effective during September 2009, did not have any impact on the Conference's financial statements.

**USE OF ESTIMATES**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**INCOME TAXES**

The Conference is a tax-exempt not-for-profit organization under Section 501(c)(3) of the Internal Revenue Code under a denominational group filing exemption granted to the United Methodist Church. This filing exemption may extend to affiliates who meet applicable Internal Revenue Code requirements as Supporting Organizations. Accordingly, no provision for federal and state income taxes is recorded.

**CASH AND CASH EQUIVALENTS**

The Conference considers all highly liquid investments with an original maturity date of three months or less that are readily convertible to cash to be cash equivalents.

**ACCOUNTS RECEIVABLE**

Accounts receivable are reported at net realizable value. Amounts are written off when they are determined to be uncollectible based upon management's assessment of individual accounts. The allowance for doubtful accounts is estimated based upon periodic review of individual accounts. There was no allowance for doubtful accounts at December 31, 2009 and 2008.
INVESTMENTS

Investments in marketable securities with readily determinable fair values and all investments in debt securities are recorded at fair value in the statement of financial position.

Although the Conference's investments are invested in a variety of financial instruments managed by investment advisors, the fair values, reported in the statement of financial position, are subject to various market risks including changes in the equity markets, the interest rate environment, and economic conditions. Due to the level of risk associated with investment securities and the level of uncertainty related to changes in the fair value of investment securities, it is reasonably possible that the fair value of investments reported in the accompanying statement of financial position could change materially in the near term.

FAIR VALUE MEASUREMENTS

Accounting Standards require WPAUMC to measure various assets and liabilities at fair value. Fair value is defined as the price that would be received to sell an asset or the price that would be paid to dispose of a liability in an orderly transaction between market participants at the measurement date. The framework for measuring fair value includes a hierarchy used to classify the inputs used in measuring fair value.

The hierarchy prioritizes the inputs used in determining valuations into three levels. The level in the fair value hierarchy within which the fair value measurement falls is determined based on the lowest level input that is significant to the fair value measurement. The levels of the fair value hierarchy are as follows:

Level 1 – Fair value is based on unadjusted quoted prices in active markets that are accessible to WPAUMC for identical assets. These generally provide the most reliable evidence and are used to measure fair value whenever available.

Level 2 – Fair value is based on significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the full term of the asset through corroborations with observable market data. Level 2 inputs include quoted market prices in active markets for similar assets, quoted market prices in markets that are not active for identical or similar assets, and other observable inputs.

Level 3 – Fair value would be based on significant unobservable inputs. Examples of valuation methodologies that would result in Level 3 classification include option pricing models, discounted cash flows, and other similar techniques.
Property and Equipment

Property and equipment are reported at cost, net of accumulated depreciation. When determination of cost between land and building was unknown, ten percent of the cost or appraisal value was allocated to land value. Depreciation is provided over the estimated useful lives of the respective assets on a straight-line basis.

Post-Retirement Healthcare Benefits

Accounting Standards require WPAUMC to recognize the overfunded or underfunded status of a defined benefit postretirement plan as an asset or liability in its statement of financial position and to recognize changes in that funded status in the year in which the changes occur through changes in unrestricted net assets.

The Standards require postretirement benefit plan obligations other than pension plans (as applies to WPAUMC) to be measured as the accumulated benefit obligation ("ABO").

Endowment and Board Designated Funds

Accounting Standards provide guidance on the net asset classification of donor-restricted endowment funds for a not-for-profit organization that is subject to an enacted version of the Uniform Prudent Management of Institutional Funds Act of 2006 ("UPMIFA") and also improves disclosures about an organization's endowment funds (both donor restricted endowment funds and board designated endowment funds) whether or not the organization is subject to UPMIFA.

The Commonwealth of Pennsylvania has not adopted UPMIFA and instead follows PA Act 141. The Conference is governed by the Book of Discipline of the United Methodist Church. The Conference has determined that the majority of its contributions are subject to the provisions of the Book of Discipline. Certain contributions are subject to other gift instruments, or are subject to specific agreements with the Conference.

Under terms of the Book of Discipline and in conjunction with the United Methodist Foundation ("Foundation"), the Conference has the ability to distribute a percentage of the corpus of any trust, separate gift, bequest, or fund as it shall determine. As a result of the ability to distribute corpus, all contributions not classified as temporarily restricted or permanently restricted are classified as unrestricted net assets for financial statement purposes.

Temporarily restricted net assets consist of restricted contributions receivable and the remaining portion of donor-restricted endowment funds that are not classified as permanently restricted net assets. When donor restrictions expire, that is, when a
time restriction ends or a purpose restriction is fulfilled, temporarily restricted assets are reclassified to unrestricted net assets and reported in the statements of activities as net assets released from restrictions.

Permanently restricted net assets represent the fair value of the original gift as of the gift date and the original value of subsequent gifts to donor-restricted endowment funds.

The Conference in conjunction with the Foundation have adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowments while seeking to maintain purchasing power of the endowment assets. The Conference’s spending and investment policies work to achieve this objective. The investment policy establishes an achievable return objective through diversification of asset classes. The current long term objective is a return of 7%, net of investment fees. Actual returns in any given year may vary from this amount.

The current spending policy utilizes a “total return” approach, as contemplated by Pennsylvania Act 141, to determine the amount of its quarterly distributions. This methodology bases income distributions upon the combination of interest, dividends, other earnings and capital appreciation/depreciation. Annual distributions can be between 2%-7% of the average unit value of the trailing twelve quarters. The actual distribution is determined by the Board of Directors of the United Methodist Foundation (which serves as the trustee for the Conference’s endowment accounts) at the end of each calendar year. The rate of return for 2009 was 3.95% and 4.85% for 2008. This is consistent with the primary objective of the endowment policy to provide for current income as well as long-term growth consistent with the conservation of principal.

ADVERTISING

Advertising costs are expensed as incurred. Advertising expense was $2,631 in 2009 and $5,008 in 2008.

RECLASSIFICATIONS

Certain reclassifications were made to the 2008 financial statements to conform to the 2009 presentation.
2010 Western Pennsylvania Conference

WESTERN PENNSYLVANIA ANNUAL CONFERENCE OF THE
UNITED METHODIST CHURCH
NOTES TO FINANCIAL STATEMENTS

SUBSEQUENT EVENTS

In preparing these financial statements, the Agency has evaluated events and transactions for potential recognition or disclosure through July 7, 2010, the date the financial statements were available to be issued. No events or transactions were required to be recognized or disclosed in these financial statements.

2. REVOLVING LOAN FUND

The Conference lends funds to various Methodist churches located within the Conference jurisdiction for church improvements. The loans had maturity dates of three to ten years and interest rates of 6%. During 2009, all of the loans were forgiven.

Interest expense on the mortgages payable was $15,048 in 2009 and $18,180 in 2008.

8. OBLIGATION UNDER CAPITAL LEASE

During 2009, the Conference had a capital lease expire and entered into a new capital lease agreement to acquire office equipment. The new lease is payable on a monthly basis with a lease term of 60 months with interest at 7.5%. The lease agreement is collateralized by the related equipment. Amortization of leased equipment is included in depreciation expense. Interest expense was $3,323 in 2009 and $2,364 in 2008.

The net book value of the equipment under capital lease was $70,350 at December 31, 2008 and $10,582 at December 31, 2008.

Scheduled lease payments on the new agreement are as follows:

Less amount representing interest: (13,514)
Present value of net minimum lease payments: 71,978
Less current portion: 12,909
Long-term portion: $59,069
9. POST-RETIREMENT HEALTHCARE BENEFITS

The Conference maintains a defined benefit post-retirement healthcare plan for all clergy and spouses. The eligibility for receiving benefits depends upon the age (before 65; at 65; over 65) of the retiree and length of service (ranging from 10 to 40 years) with the Conference. The plan provides for various percentages of cost sharing by the retiree and spouses. Contributions by the Conference after the retiree obtains age 65 are based upon a Medicare supplemental program.

Annual costs are recognized when billed by the respective insurance companies (pay-as-you-go). Plan amounts as of January 1, 2010 and 2009, respectively, were as follows for December 31:

The accumulated benefit obligation ("ABO") and the changes in the ABO do not reflect any amounts associated with the Medicare Prescription Drug, Improvement and Modernization Act of 2003 (the "Act") because the plan is not directly entitled to the Act’s subsidy. The Conference is not able to determine whether benefits provided by its plan are actuarially equivalent to Medicare Part D.1.

Net periodic benefit cost was $559,222 in 2009 and $465,036 in 2008.

Benefits paid were $1,500,898 in 2009 and $1,219,148 in 2008.

PLAN ASSETS

The plan assets are primarily invested with the General Board of Pensions and Health Benefits of the United Methodist Church in a Multiple Asset Fund which is comprised of various equities and fixed income securities including alternative investments such as real estate investment trusts. Lesser amounts of plan assets are invested in the Short Term Investment Fund maintained by the General Board and in the Unified Account maintained by the United Methodist Foundation of Western Pennsylvania.

The following table sets forth the actual asset allocation and target asset allocation for plan assets at December 31:

Investment objectives for the Conference’s plan assets are to:

- protect the integrity of the plan and to assist the Conference in meeting its obligations to the plan participants;
- prudent investment of assets in a high quality, diversified manner;
- achieve the optimal return possible within the specified risk parameters;
- at a minimum, preserve the inflation-adjusted value of the Plan;
- attempt to produce investment results which achieve the Plan’s actuarial assumed rate of return;
- adhere to the established guidelines.

Investment managers have been selected based on their offering of balance investment funds which approximate asset allocation targets and operate in accordance with the Social Principles of the United Methodist Church with respect to investment selection.
The Conference measures the plan assets at fair value on a recurring basis with the following inputs as of December 31, 2009:

The Conference has no unrestricted endowment net assets.

13. SERVICES TO AFFILIATES

The Conference treasurer's office performs bookkeeping and accounting services as to the collecting, disbursing, and recording of funds for various affiliated corporations. The Conference performs these services at no charge (which are not material) to the affiliates because these programs are considered to support the Conference’s mission and ministry.
14. FUNCTIONAL EXPENSES

The Conference incurred expenses in the following functional areas during the years ended December 31, 2009 and 2008:

15. PENSION AND OTHER BENEFIT PLANS

The Conference participates in several multi-employer defined contribution and defined benefit pension plans for ministers and lay employees administered by the General Board of Pensions and Health Benefits of the United Methodist Church (the “General Board”). The plans qualify as "church plans" under Sections 414(e) and 403(b) of the Internal Revenue Code.

CLERGY RETIREMENT SECURITY PROGRAM ("CRSP")

The Clergy Retirement Security Program ("CRSP") includes both a defined benefit and defined contribution plan. The defined benefit component is based on either denominational average compensation, as defined, or actual compensation, as defined.

The defined contribution component provides for a contribution of at least 3% of actual compensation. Effective January 1, 2007 CRSP now covers all US United Methodist clergy appointed within annual conferences. Contributions to CRSP from WPAUMC were $704,556 in 2009 and $696,360 in 2008. Additional contributions of $280,922 for 2009 and $278,573 for 2008 were made to CRSP for reserves.

The defined benefit contributions due were $2,822,135 for 2009 and $2,697,066 for 2008. In accordance with plan provisions and an election made by the Conference, this contribution was funded by allocating to the CRSP an equivalent amount of overfunding from the "Pre-82 Plan" as shown on the table below.
SUPPLEMENT ONE TO THE CLERGY RETIREMENT SECURITY PROGRAM ("PRE-82 PLAN")

The Pre-82 Plan covers substantially all United Methodist clergy for service prior to 1982. The General Board determines contributions to the Plan. As a multi-employer plan, all assets of the Plan are available to pay all benefits of the Plan, regardless of the annual conference from which contributions came or under which benefits were accrued. Each conference controls certain benefit provisions of the Plan and may elect to fund faster than required. Consequently, funding requirements are determined separately for each conference. There were no contributions to the Pre-82 plan required or made by WPAUMC for 2009 and 2008.

The following summarizes the funding status of WPAUMC as of January 1, 2009 and 2008 with respect to both the CRSP and the Pre-82 Plan:

SUPPLEMENT THREE TO THE CLERGY RETIREMENT SECURITY PROGRAM – MINISTERIAL PENSION PLAN ("MPP")

The Ministerial Pension Plan (MPP) provided benefits for US Clergy from 1982 through 2006. It is primarily a defined contribution retirement plan, with the requirement that clergy must convert at least 75% of their total account balance to an annuity at retirement. The annuity is a defined benefit feature. The plan was terminated in 2006 as to further contributions for service and was replaced by the CRSP. The Conference remains responsible for any deficiencies in assets to pay the converted annuities that are or become payable under MPP. The MPP's funded ratio as of January 1, 2009 is 91%. The Conference's portion of this liability is $54,354,741. The Conference expects to make a contribution during 2011 of $981,340 to MPP.
XII Reports

WESTERN PENNSYLVANIA ANNUAL CONFERENCE OF THE
UNITED METHODIST CHURCH
NOTES TO FINANCIAL STATEMENTS

There were no contributions to the MPP by WPAUMC for 2009 and 2008.

UNITED METHODIST PERSONAL INVESTMENT PLAN ("UMPIP")

WPAUMC participates in The United Methodist Personal Investment Plan ("UMPIP") administered by the General Board. UMPIP is a participant-directed defined contribution plan. Participants may contribute a percentage of their compensation on either a before-tax or after-tax basis. WPAUMC may also make contributions on behalf of each participant.

WPAUMC contributions to UMPIP were $245,772 in 2009 and $243,741 in 2008.

COMPREHENSIVE PROTECTION PLAN ("CPP")

WPAUMC participates in Clergy Protection Plan ("CPP") administered by the General Board. The CPP provides both a disability and death benefit for active clergy and a death benefit for retired clergy.

The General Board has notified Annual Conferences that the funded status of the CPP allows it to grant a "premium holiday" for three years to each Annual Conference (beginning in 2010 or 2011 at each respective Annual Conference's option) during which it intends that Annual Conferences apply the monies normally collected for CPP premiums to fund increased pension contributions.

WPAUMC has chosen to implement the "premium holiday" as the General Board intends, beginning on January 1, 2011 and continuing through 2013. As permitted and intended by the "premium holiday", WPAUMC will collect contributions from each salary-paying unit on behalf of each participant with such contributions being deposited in the Conference's Benefit Reserve Fund and used first to satisfy, to the extent monies are available from these remittances, the WPAUMC 2011 MPP obligation.

CPP remittances collected by WPAUMC in the remaining 2012 and 2013 years of the "premium holiday" will be deposited in the Conference's Benefit Reserve Fund.

WPAUMC contributions to CPP were $846,792 for 2009 and $842,296 for 2008.
The above plans are separate multi-employer plans and accordingly the respective plan assets and corresponding benefit obligations are not recorded on WPAUMC’s financial statements.

WPAUMC has the following amount of investments designated as temporarily restricted net assets to provide pension benefits for its clergy as of December 31:

16. Concentration of Credit Risk

The Conference maintains cash accounts, which, at times, may exceed federally insured limits. The Conference has not experienced losses from maintaining cash accounts in excess of federally insured limits. Management believes it is not subject to any significant credit risk on its cash accounts.
